GOV. WILSON GETS BACK IN THE FRAY

Resumes Campaign and Addresses League of Independent Republicans.

BUSINESS MEN NOT AFRAID

The Nominee Declares the Only Ones Who Fear Discontinuance of Prosperity Are Ones Who Have Broken the Laws

Philadelphia, Oct. 28.—After rising in prayer, a tremendous crowd greeted Governor Woodrow Wilson in the Academy of Music here tonight. The meeting was arranged and held under the auspices of the League of Independent Progressive Republicans. Gilbert R. Roe, former law partner and brother-in-law of Senator LaFollette, and Rudolph Spreckles, of California, organizer of the Wilson National Progressive Republican League, preceded Governor Wilson with speeches in his favor.

"The only question before the country," said the Governor, "is do you trust men who are now leading the Democratic party? If you believe they are the enemies of legitimate business don't vote for them. If you believe they are wild-eyed reformers, who don't know the course of change in this country, don't vote for them. If you believe they are inexperienced tyros, who don't know right from wrong, don't vote for them. But vote as you believe, and as you trust. And if you see any one promise the things which you think can be done, vote that way. I am not here as a partisan. If there is somebody else who can and will do the job—"

Cries of "Wilson, Wilson" interrupted the Governor's speech and when the demonstration subsided a man called out, "How about Roosevelt?"

"I have denied myself the pleasure of discussing Roosevelt this week," answered the Governor. "I am on the platform in this closing week, in this campaign to discuss the issues and not the persons."

Once during the Governor's speech somebody asked: "How about the referendum?" and the Governor promptly replied: "Pennsylvania should take care of that; it is not a National question, but let me tell the gentleman who mentioned it, that there have been times at Harrisburg when no Legislature was so sorely in need of having its acts referred to the people, as that at the capital of Pennsylvania."

An outburst of cheers greeted this remark.

The Governor declared that without a merchant marine other nations would benefit more by the opening of the Panama canal than the United States. The nominee again advocated the removal of favors which he said were bestowed by the protective tariff.

Governor Wilson addressed a big overflow meeting outside the Academy of Music and then motored to convention hall in North Philadelphia, where a big Democratic rally brought out a great crowd that cheered the Governor enthusiastically. The nominee argued in his speech that the wages of the country were not dependent upon the tariff.

There is only one way for a panic to occur in the United States, said the Governor and that is by the small number of men who control by deliberately creating one. We know the list of those men and we know who will be responsible. The Democrats do not want free trade. The only thing the Democrats are out to bag is those special private interests, which lie hidden in the protective system and which the general body of American working men are not permitted to share. America pays higher wages than free-trade England; England pays just as much higher wages than Germany, which is protected. Now what has protection got to do with wages? The cost of labor is a determination of the skill and capacity of the country and not of its economic disadvatanges."

The Governor declared that corporations "such as the United States Steel Corporation" have been the chief enemies of organized labor in keeping wages down.

The nominee said abtocles in freedom of enterprise and the destruction of monopoly could be removed by directing the criminal statutes of the Federal law, against those who held private monopoly.

The Governor spent the night here. Tomorrow he will go to Trenton for State business and speak at Newark, N. J., in the evening.

Democratic Ticket Will Win

West Chester, Pa., Oct. 28.—"Pennsylvania expects, New Jersey expects, the entire country expects the Democratic ticket to win," declared Governor Wilson here today, resuming his campaign.

"And as the expectation grows, the prosperity of the country is not checked for a moment," he continued. "There is not a business man in the country who has a fear of interruption of his business unless he has been breaking the laws of the land and the laws of honor. I hope those men are afraid and that their fears will be justified."

The Governor declared that the old

"Defeat Is Inconceivable"
—National Chairman McCombs.

Chicago, Oct. 28.—'Defeat now is virtually inconceivable," declared Chairman McCombs, of the Democratic National Committee, in his final weekly forecast. "Inside information," continues today's statement, "gives us final proof that the party which polled more than 6,000,000 votes four years ago, will poll nearly a third more than that this year, and the number will be made up of many Republicans." The Wilson manager warns his followers that they must not lay down arms until the election is past.

Prohibition Party's Campaign Contributions Amount to $20,035—Report of Democratic Committee—Congressional

Washington, Oct. 28.—Campaign contributions to the National Prohibition party's campaign were $20,035.38, according to a report of P. P. Faris. The expenditures were placed at $18,232.41. No contributions over $1,000 were received, Mr. Faris stated.

The report of contributions and expenditures of the Democratic National Congressional Committee was forwarded by Representative H. D. Flood, of Virginia, treasurer. It showed that contributions had been received by Mr. Flood in the sum of $10,925.55 and by South Trimble, in charge of Western headquarters in the sum of $10,466.70. Mr. Flood reported that he had disbursed $10,533.57 and Mr. Trimble $6,370.25.

The largest single contributor was shown to have been Thomas F. Ryan, who gave $5,000 to Mr. Flood.

None others exceeded $1,000, except a contribution of $2,000 by South Trimble, as treasurer of the Western headquarters and $1,000 by the Democratic Congressional Auxiliary committee of Washington, D. C. No itemized account was sent from the Washington headquarters.

Scores of reports of expenditures and receipts were sent the clerk by Congressional candidates. Former Speaker Cannon reported he had received one contribution of $100. His expenditures were $3,012.62, all of which was given to county committees except $140 expended for a special train and another item recorded in this way:

"October, 1912, traveling expenses and subsistence of secretary, $13.70."

Speaker Champ Clark reported he had received $65 and expended $547.

Enclosed in the report of Representative Byrd McGuire, of Oklahoma, was a note written on a football poster from "Earl" to "Byrd," stating that all the money had been spent on headquarters.

J. Still Wilson, Socialist candidate in the Sixth California Congressional district, reported receipt of $2,290.66 and expenses of $1,425.85. Victor Berger, the only Socialist in Congress, reported he had spent nothing, "the rules of our party not permitting it."

Howard Sutherland, candidate at large for Congress from West Virginia, under the item for contributions, wrote in his report:

"Nothing. Nothing in sight. Nothing promised."

TO ATTEND LAUNCHING.

Taft Will See Greatest Dreadnaught Leave the Ways.

Washington, October 28.—President Taft, after a two day stay in Washington, will leave at noon tomorrow for New York, to be present at the launching on Wednesday of the New York, the "biggest American dreadnaught" at the New York Navy Yard.

The President with Secretary Meyer will board the dreadnaught on the ways at the navy yard about 10:30 Wednesday morning and after the launching wil take lunch at the yard.

He will visit the naval branch Y. M. C. A. in Brooklyn and at night attend a dinner of the navy yard employes, returning to Washington on the midnight train.

While in New York the President will occupy a suite in the Manhattan Hotel which was occupied by President and Mrs. McKinley on their visits to New York. Secretary Meyer, Mayor Thomas L. Rhoades, the President's aide and physician and Assistnat Secretary Rudolph Forster will accompany him on the trip.

JAMES S. SHERMAN IS SERIOUSLY ILL

Grave Apprehension is Felt Over Vice-President's Condition.

MAY WITHDRAW FROM TICKET

Discussion Aroused Over What Methods Would Be Taken to Fill His Place If Necessary—Precedents Lacking

Utica, N. Y., October 28.—James S. Sherman, Vice Preisdent of the United States, ils seriously ill and steadily failing at his home here. While his physician, Dr. Fayette H. Peck, believes there is no immediate danger of death, yet the distinguished patient's condition is such that it is a matter of how much longer he can withstand the ravages of the disease with which he is afflicted.

Dr. Peck at 8 o'clock tonight authorized this statement:

"Mr. Sherman has been sick all of this year due to the condition of the kidneys, hardening of the arteries and softening of the muscles of the heart. Mr. Sherman had an attack in the Adirondacks in June and I expected him to die. He improved steadily and very satisfactorily until the latter part of August. Since then his condition has been aggravated and he has steadily been failing.

For the last three weeks, since he came back from Connecticut, he has dressed but once, and a week ago Friday when against my protest he went out to the polls to register. Mr. Sherman is now in the condition which that sort of trouble leads to and is very seriously ill, but there is, I believe, no immediate danger of death."

After a day of discouraging symptoms Mr. Sherman rallied at nightfall and continued to show improvement during the evening. This is due in no small measure to powerful medicines Whether he can much longer combat the trouble of his kidneys and complications is a matter of grave doubt. Members of his family are with him constantly and his intimate friends have been notified that he has been failing steadily.

Shortly before 11 o'clock tonight the son of the Vice President made public this statement signed by the attending physicians:

"After consultation tonight in the case of Vice President Sherman the diaghosis of weaknened heart musicle, hte resut of overwork, with some kidney involvment, is confirmed.

(Signed) "F. H. PECK,
"HENRY L. ELSNER."

Dr. Peck is the family physician and Dr. Elsner is a specilist residing in Syracuse.

Utica, N. Y., Oct. 28.—Alarming rumors regarding the condition of Vice President Sherman influenced his physician, Dr. F. N. Peck, to issue the following bulletin today:

"Vice President Sherman is a very ill man, although the reports in circulation during the night were greatly exaggerated. Mr. Sherman was sitting up yesterday and he walked about the house from room to room. His condition is bad, it is true, but I don't apprehend any immediate crisis."

It is reported from the residence of the vice President this afternoon that his condition remains such as to cause apprehension and that he does not respond as readily as heretofore to remedies.

Close friends of Mr. Sherman admit that his condition is very serious and that he has had sinking spells at times during the Summer.

The Vice President realizes the precarious nature of his illness and some time ago agreed not to undertake any campaign work or other duties that would tax his strength.

Much Discussion Aroused

Washington, Oct. 28.—The illness of Vice President Sherman and speculation over possibilities of his withdrawal from the Republican ticket because of the precarious condition of his health, aroused discussion today over what methods would be taken of filling his place if necessary.

The general opinion expressed was that the Republican National Committee or the executive committee possessed power to fill a vacancy upon the ticket. No one here professes to know whether the Chicago convention specifically provided for such an emergency.

The report of the 1908 convention does not appear to show that such a provision was made then and the stenographic report of the convention this year has not yet been printed.

Should a vacancy occur upon the Republican ticket, either before or after election, some Republican leaders today argued the electors would have power to vote for any candidate for Vice President they might choose. Precedents were admitted to be lacking, but it was declared only party discipline and honor had in the past bound electors to vote for their party nominee. No one suggested, however, that a choice by the Republican National Committee or its executive committee would fail to receive the support of the Taft electors.

Ordinarily should there be no Vice President, the president pro tem. of the Senate would preside over that body and the line of succession to the

VICTORIOUS ARMY STILL ADVANCING

Bulgars Occupy Bunarhissar, and Are Marching on Kuleilburgas.

WHERE IS THE TURKISH ARMY?

Luleburgas and Demotica Fall—Turkish Commander at Adrianople Ordered to Surrender—Turkish Cavalry Surrenders.

London, October 28.—An interesting question at the present moment is the whereabouts of the Turkish army, of which nothing definite is known. The news that Eski-Baba has been taken by the Bulgarian cavalry, apparently without resistance, shows that Nazim Pasha's army is not where it was supposed to have been—on the line between Kuleiburgas and Luleburgas. It may be further west, in the direction of Demotica, but it is generally supposed it has retired from the line of the railway and entrenched itself on the long line from Demotica to Tchorlu. Constantinople dispatches continue to speak of the readiness of the Turkish army to take the offensive. In any case, a few days must see something decisive.

The victorious Bulgarian army is still advancing. It has occupied Bunarhissar and is marching towards Kuleiburgas. It is reported the Bulgarians have blown up a bridge over the Tchorlu river, showing that the turning movement is making rapid progress.

Unless the Turks are able to take the offensive vigorously, the present indication is that they will be driven out of Europe altogether, failing interference by the powers at the present stage to end the war, as happened in the Russian campaigns against Turkey in 1828 and 1878, when Russia had captured Adrianople, and was at the gates of Constantinople. There have been renewed activities with regard to European intervention in the past few days, and great diplomatic activity in London. The Turkish, French, Russian and Italian ambassadors today visited the Foreign Secretary, who afterwards had an audience with the King, at Buckingham palace. News from other parts of the theatre of operations shows that the Turks everywhere are retiring before the victorious allies.

The Turkish army defeated at Kumanova, appears to be demoralized, and has evacuated Kuprili, or Veles, as it is also known, and is retiring on Monastir.

A dispatch from Constantinople tonight reports that Aanmound Shefket Pasha has been appointed chief of the comissariat department of the War Office. Acceptance of this appointment is considered as showing a spirit of remarkable self-abnegation on the part of a distinguished officer, as the post, though important, scarcely corresponds to his high rank and previous services. It appears to confirm, however, current reports of the deplorable condition of the Turkish comissariat.

OUTLINES

Gov. Hiram Johnson spoke yesterday in 10 cities of Maine.

Gov. Marshall completed his campaign tour of Montana yesterday.

Evidence was introduced in the Grabow riot case yesterday to show that the first shots were fired by the mill men.

The U. S. Naval wireless station at Arlington, Va., the most powerful in the world, was opened last night and Colon, 1,785 miles away, was called.

Grave apprehension is felt over the condition of Vice President Sherman, who, according to his physician, is a very sick man. Speculation is rife as to how his place will be filled on the Republican ticket if it is necessary.

Col. Roosevelt was so much improved yesterday that he re-established relations with the outside world through the newspaper men and planned to make a second speech at a rally at Madison Square Garden in behalf of the State ticket.

Gov. Wilson resumed his campaign yesterday and made several speeches in Pennsylvania. At West Chester he declared the entire country expects the Democratic ticket to win. Last night the Governor attended the meeting of the Independent Progressive League at Philadelphia.

The victorious Bulgarian army continued its advance yesterday, occupying Bunarhisaar and marching towards Kuleliburges. The whereabouts of the Turkish army is not known and if they don't take the offensive shortly the Turk is likely to be driven from Europe.

WIRELESS STATION OPENED

Greatest Plant In the World at Arlington, Va., Sputters and Crackles With Life—Colon 1,785 Miles Away, Called

Washington, Oct. 28.—Crackling and sputtering with life, the navy's new wireless station at Arlington, Va., the most powerful plant in the world, tonight flung from its lofty aerials the first message which signalized the completion of an important step in the building of a globe girdling wireless system which will keep every ship of the United States Navy and every insular possession within communication with the capitol.

Wireless operators, professionals and amateurs on one side of the globe probably had their instruments at their ears tonight, straining to catch the faint buzzes as the powerful apparatus sputtered out its calls for Panama, Colon, and the coast navy stations.

Down in the sound-proof operating room, windowless and protected by double doors, some of the navy's most experienced operators, directed by Lieutenenat Woodworth, sent out the first flashes.

N-A-X, N-A-X, the call for the Colon, 1,785 miles away, was sent hurtling through the ether. At the intervals the instruments sparked off N-A-R, the call for Key West, 975 miles off. No officials were sent, but the results of the tests were noted at all stations on the Atlantic coast as well as Key West and Colon, and reports on the trials will be made tomorrow.

The radius of the new plant will be about 3,000 miles. This range, probably the acme of wireless operations, will be attained gradually and it may be weeks before the big plant is "turned up" to its highest efficiency.. Communication with the Pacific coast will be attempted only at night for the present, but later on throughout the day the Secretary of the Navy, at his desk in Washington, will be within instantaneous communication with Key West, Guantanamo, Colon, the naval coaling stations, the Winter maneuver grounds and all Atlantic stations. When the plant is working perfectly and the chain of stations is completed, Washington will be in touch with Hawaii, Samoa, Guam, the Philippines and Pearl harbor. The completed system will cost about $1,000,000.

The seas will no longer be a wilderness for the navy. Ships, because of weaker equipment cannot talk with the powerful plant at Arlington, but they may relay messages to the various stations for transmission to Washington.

Three huge towers on the brow of a hill overlooking the Potomac and dwarfing the Washington monument, hold the aerials. In their construction some skilled iron workers who had braved death on many skyscrapers declined to work at such dizzy heights. One tower is 600 feet above the bay where its base rests, and that is 200 feet above the river. The other measures 450 feet.

At the base of the towers are the sound-proof work rooms, quarters for operators and barracks for the ma-

T. R. MAY MAKE TWO SPEECHES

Colonel Feels So Much Better Plans Second Rally at Madison Square Garden for State Ticket—Gives Interview

Oyster Bay, N. Y., Oct. 28.—"I don't feel a bit as though I had been shot," said Colonel Roosevelt tonight. The colonel was so much better that his physicians gave him permission to re-establish communication through the correspondents at Oyster Bay with the outside world. It was the first interview he had given since his return to Sagamore Hill and he talked for 20 minutes without sign of fatigue. "This seems like being alive again," said the colonel as he entered his library. "It seems good to get back into the old channels once more."

He walked with a brisk, vigorous step and his face had lost none of its color. There was nothing about his appearance to suggest that he carried an assassin's bullet in his body.

When he shook hands, however, he gave the first indication that he still felt the effects of the wound. Instictively he held out his right hand. His face twitched with pain, which he sought to conceal and he thrust his hand into the pocket of his riding coat and put out his left. "I haven't much use of my right fist yet," he explained. "I am feeling well, but there are always some complications. The muscles on the right side of the chest are sore. The rib seemed to have knitted and I have no pain unless I breathe deeply."

Colonel Roosevelt said he felt well enough to make his speech in Madison Square in New York Wednesday night and that if he suffered no serious effects he might make a few other speeches before election day. The hardest problem, he said, was to keep out of crowds, for he is in no condition to get into a struggling mass of people.

"Some well meaning persons," he said, "might think that it was the psychological moment to shake hands and thump me on the right side." He placed his hand over the wound to indicate the spot he meant and added: "That might make it difficult for me to resist the impulse to turn an anarchist myself."

His plans for the remainder of the campaign depend upon the outcome of Wednesday night's journey to New York. "I'll see how it goes then," he said. "If I get through that all right I may make a few more speeches.

One of the speeches, he added,

SPLENDID GAINS BEING MADE

Owing to the fact that a goodly number of public spirited men have agreed to take care of the larger subscriptions to the Wilson Fund, provided the $10,000 is raised, the committee of One Hundred only needs to secure now the following subscriptions:

16 to contribute	$50.00
32 to contribute	50.00
146 to contribute	2.00
443 to contribute	1.00

WILSON CAMPAIGN GOES MERRILY ON

Only Four of Ten Committees Reported Contributions Yesterday.

CHANCE FOR BOYS AND GIRLS

Handsome Prize Will Be Awarded to Leader of Popular Contest—Watches on Display at Honnet's—Headquarters

Only four of the ten committees soliciting campaign subscriptions for the Wilson and Marshall Fund reported last night on account of the political speaking at the Court House and the big theatrical production at the opera house, but it is enough to know that a satisfactory amount in cash was secured during the day, the committee at work on the guarantee fund did good work and the boys and girls started off in the contest for one of the handsome watches now on display in the show window at Honnet's.

When all the young folks are down to hard work, it is expected that money for the Wilson fund will pile up rapidly and one of the several workers will have won for himself or herself one of the handsome watches offered by the committee. One youngster saw the announcement of the prize in the paper Sunday, got busy yesterday morning and in a short time had $9 pledged to him and still others no doubt did the same, so that when the first announcement of the contest is made it will be found that a number of progressive young Wilmingtonians will be enlisted in the cause. Thus far the contest is young and any bright boy or girl who really wants a handsome gold watch and fob may enter today and with comparatively little effort, perhaps, capture one of the prizes. All that is necessary is for you to 'phone Chairman W. A. McGirt, get a supply of the contributors' buttons that makes it easy to solicit and then get busy. If you have not seen the watches in Honnet's window a look at either of them will decide you to begin work at once. Any boy or girl under 16 years of age is eligible to contest and a fine gold watch is to be awarded between now and Saturday night, so why not get busy? Thirty-five dollars is pretty good compensation for a week's work, so the young folks had better inquire about this before school hours this morning. Nobody has any lead yet and it is time a plenty to get in the running now.

Open Headquarters

The Wilson and Marshall Committee will open headquarters early today in the store formerly occupied by the J. W. Fleet Co., at Front and Princess street, where a large banner will be flung to the breezes and all Democrats will have an opportunity of dropping in and comparing notes. The store was given gratis by the J. W. Fleet Co., until November 1st and after that date the occupancy was given the committee by the owner, Mr. A. O. Schuster, who is one of the enterprising members of the Committee of One Hundred.

The campaign for subscriptions will close Saturday night and a rally will be held in the headquarters that night. It will be Woodrow Wilson Day all over the United States and Saturday night a personal message from Democracy's President will be delivered by W. P. Stacy, Esq., in the building. Further details of the celebration which will be under the auspices of the State Democratic Executive Committee, will be given later and all loyal Democrats are invited to join in.

The contributions up to last night, were as follows:

FIGHT MUST BE CONTINUOUS

Only Way to Stamp Out Vice—Dr. Kelly, The Surgeon Heard by Enormous Crowd Sunday Evening.

The Purity meeting for men and boys was held Sunday afternoon at the Academy of Music, with an attendance that taxed the capacity of the building, the crowd being estimated at 1,000. There were many standing both on the first and second floors.

The speaker of the occasion was Dr. Howard A. Kelly, the head of the department of surgery at the Johns Hopkins University, Baltimore, and one of the formost of his profession in the world. He was followed by Samuel E. Pentz, Esq., a lawyer of Baltimore, who has gained praise all over the nation for his work in the fight against vice in Baltimore. Both these gentlemen represented the Society for the Suppression of Vice in Baltimore and came to Wilmington upon the urgent invitation of Rev. W. H. Milton, D. D. of St. James' Episcopal Church, and a body of associates, who are determoned that certain classes of social evil shall be eliminated in Wilmington. As proof of the fact that they had the moral support of the community, the large audience rose as one man when called upon to do so to signify whether they favored the elimination.

The meeting was opened with a hymn and prayer by Rev. Dr. Foster of the First Baptist Church. Rev. Dr. Milton made the opening talk and explained the object of the meeting outlining the history of the movement to suppress vice in Wilmington. He said that he had been working for this for three years, and that he hopes to continue the fight. Dr. Milton stated that an expression of thanks was in order for the excellent and thorough work of the assistant city attorney and the police and the fearless attitude of the recorder.

The speaker said that it was due to the effort of these that Wilmington was a law abiding city today. In order to keep it so a number of difficulties must be overcome, the three principal ones being the community of interests, this meaning that a network of interests, parasitic to the social evil, and the great indifference of the public to this evil, must be cut off; secondly, false philosophy, that is, all the talk concerning the social evil being a necessary evil should no be heeded, because if it be necessary then it is not an evil, and if it is an evil, then it is not necessary, and third, ignorance, which must be overcome by a systematic plan of education.

Dr. Kelly was introduced by Dr. T. S. Burbank in a few sentences. The speaker said he was very busy when he was invited to come to Wilmington, but when he heard of the interest being shown here he came. He said he would speak on a subject that not only is of local importance but is of national interest. The social evil is a disease of the body politic, and is interwoven with a number of other diseases, some of which are even greater than the social evil. To eradicate one all must be cured. He said that the first one of these is Wealth, the selfish lives of wealthy men contribute immeasurably to the vice of the world. Second, poverty, for which the weathly man is to often responsible. Third, corrupt politics—drink, fourth. The speaker said that in Baltimore there were over 1,400 saloons, contrasted to Toronto, Can., a cityl of the same size, which has 80 saloons. Gambling, fifth, which infests the whole country. The social evil, sixth, is a disease which breaks up the fundamental unit of a nation, a family. He said that there were in this country alone, several hundred thousand fallen women and from every fallen women there are four fallen men

The speaker said that the social evil makes itself known principally in two forms, the bawdy house and clandestinely. The first in commercialized vice and a breeding place for prostitution and disease. It cannot be segregated practicably. The poor man is usually the one to suffer the ruin of his daughter or sister. The principal causes of the girls going astray are lack of home training, lack of moral training in school, the chorus girl business, low wages, love of finery and fun, among a small class, a natural tendency toward an immoral life, procurers, devotion of the rich to pleasure, and the saloons.

As a remedy the speaker said that with the proper co-operation of the police and all authorities it was mere child's play The authorities will not go beyond the social elevation of the community, so in reality it rests with the people. He said that a remedy is a living wage to the worker. In closing Dr. Kelly said that the suppression of vice was not a temporary thing, you have to keep at it always.

Mr. Pentz was introduced by Rev. John C. Wooten, of Grace Methodist church. Mr. Pentz said that he was slightly ashamed to stand before a Wilmington audience and tell them how to do, when they had actually done more than Baltimore. He said that now that the evil had apparently been suppressed here, the fight had in reality just begun, as it must be fought continually. He came from instances in which girls came from Wilmington to Baltimore and were rescued by his society. He said, "Don't be hard on the girl. It isn't the girl that is to blame." The speaker went on to discuss a number of matters familiar to the Wilmington public, such as the house owner problem, etc. He closed the address by saying that the only cure for social disease is the blood of Jesus Christ.

Rev. Dr. Milton announced that all the women had a chance to lead better lives and financial assistance and a home had been offered to them, until they get work.

JAMES S. SHERMAN IS SERIOUSLY ILL

(Continued from Page One.)

Presidency would be to the Secretary of State. For several months, however, the present Senate has been unable to agree upon a president pro tem., and that office had been vacant. Sometime ago, it was learned today, Chairman Charles D. Hilles, of the Republican National Committee, made exhaustive inquiries as to the necessity of certifying to the various secretaries of State the names of the Republican candidates, and as a result certified the names of Taft and Sherman for printing upon ballots in all States. A supplemental petition, however, probably would be accepted in most States, where ballots have not been already printed. The procedure where ballots already have been printed was not known.

The possibility, if even a remote one, that there might not be a Republican candidate for Vice President, suggests many interesting possibilities in the event the election should go to the House of Representatives.

SERIOUS OFFENSE CHARGED

Wilson Hudson, a White Man, Taken In Charge by the Police

A white man giving his name as Wilson Hudson, who has, according to the police, quite a reputation, is being held at police headquarters pending a trial in the Recorder's court on a charge of living in illegal relations with Myrtle Herring, the young daughter of Mr. J. G. Herring. It is intimated that an additional charge of abduction may be brought against the defendant. The police say that the girl and man met at one of the local moving picture shows Thursday or Friday night and then went to a boarding house, where they put up until the man in the case was arrested. They quote the girl as saying that Hudson said he would go with her to South Carolina and get married. Evidently the girl's father thought they intended to get married in Wilmington for on Saturday he filed with Mr. John Haar, Register of Deeds, a notice forbidding him to issue a license for the marriage of his daughter, whom he said was only 16 years of age. The license was not issued. It was said at the police station yesterday that it had been reported that Hudson is already married.

Youthful Bavarian Tells How He Robbed Morgan and Others

New York, Oct. 28.—John Berbauer, the youthful Bavarian, who robbed the residence of J. P. Morgan, Jr., and other wealthy persons of thousands of dollars worth of jewelry, freely related in court today the story of his burglaries, but declared he was under the hypnotic spell of an old "pal" of his at the time. Berhauer entered a plea of guilty, however, and was sentenced to from five to 10 years in Sing Sing prison. He boasted in court of how he stole into the very room where Mr. Morgan was asleep and ransacked the financier's dresser.

Washington, Oct. 28.—Crowds of people, including wives and cabinet officers and other capitol society folk, flocked to the Department of Agriculture greenhouse today for the opening of the annual chrysanthemum show. Many new varieties developed under the direction of Dr. B. T. Galloway, head of the Bureau of Plant Industry, are being shown and altogether there are more than 3,000 potted specimens on exhibition.

Cottolene

food is never greasy

Cottolene is a vegetable fat—made from the purest and choicest cotton oil. It contains not an ounce of hog fat.

Cottolene makes delicious pastry—crisp and flaky. For frying, it can be heated to a much higher temperature than butter or lard, and forms a coating which prevents the absorption of the fat.

Cottolene is every bit as good as, and much cheaper than butter for cooking. It is far better than lard; it is richer, and will go one-third farther than either. It is the most economical cooking fat on the market.

THE N. K. FAIRBANK COMPANY

STRONG DEMOCRATIC SPEECH

Hon. Francis D. Winston Addressed New Hanover Voters—Predicts Splendid Victory in Both State and Nation.

The Hon. Francis D. Winston, former Lieutenant Governor of North Carolina, Democratic nominee for elector at large, delivered an impressive speech to a Wilmington audience last night. He spoke in the Court House and was introduced by Marsden Bellamy, Esq., Democratic nominee for the State Senate. At the beginning the audience was small, owing to several reasons, the principal one of which proper notice was not given of the coming of distinguished speaker.

A counter attraction was the performance of "The Pink Lady," which was the bill at the Academy of Music. That production drew an immense audience, and for the once politics in a Democratic stronghold was forgotten on that account and because of social engagements previously made.

Owing to the fact that the audience was small, Governor Winston announced that he would make an informal talk, but gradually the audience swelled and the speaker found himself almost tempted to let himself out in one of the magnificent and powerful campaign speeches which he has been making from the mountains to the sea. As it was, though he curtailed his speech, he enthralled the audience with his eloquent and masterful views upon the topics upon which he elected to touch. To a gathering of dyed-in-the-wool Democrats, he found it unecessary to make his usually strong and analytical exposition of the principles of Democracy and his elaborate presentation of the vital issues which Democracy and its great Presidential nominee, Governor Woodrow Wilson are presenting to the people of the United States in this campaign.

The gifted campaigner thought best at the beginning of his remarks to give to his deeply interested and appreciative audience the glad tidings of the Deomcratic outlook in the State. He said he had ben in every section of the State, had spoken in every Congressional District. Had ridden on all the railroads in the State, and from his personal knowledge the Democrats everywhere are united in harmony and upon their candidates while the Republican party is divided, dismayed, disorganized, and demoralized. He declared that the opposition heretofore to be met by a united Republican party was absent and that again Democratic Congressmen will be elected in every District in the State. The Democratic majority in both branches of the General Assembly also will be larger, while there will be a clean sweep for Wilson and Marshall. His message of good cheer was received with hearty applause.

The opposition to the Democracy in the State, the speaker declared, is divided and the rank and file is listless while the leaders hardly know which way to turn. The two opposition nominees for Governor are Tom Settle, Republican and Iredell Meares, Progressive, who practically are agreed upon the only vital issue in the campaign—the tariff question. They are both protectionists and can not muster up enough differences for a joint debate, although Mr. Meares has invited Mr. Settle to a joint discussion. As for Mr. Settle, who recently spoke in Wilmington, he has no issue and no chance of ever being elected Governor of North Carolina. He pretends to have discussed an issue in "local option" and discussed it all to himself, for it is not an issue and cannot be made one in this campaign. The Democrats refuse to accept it as an issue and as for the Republicans, most of them are Prohibitionists. In the mountain counties which are Republican strongholds, no man who is against prohibition could be elected to the Legislature. Two years ago every county elected members of the General Assembly who are opposed to the sale of liquor, so Mr. Settle is standing alone with his issue. Indeed, declared Judge Winston, Settle himself does not represent the Republican party, for the convention in his home county of Buncombe refused even to send him as a delegate to the Republican State Convention. Instead they sent the Hon. Virgil S. Lusk, a pronounced prohibitionist who in a printed open letter recently declared that the local option plank was put in Settle's platforb by the Whiskey Trust. It was paid for, Col. Lusk declared, and none of his charges have ever been denied, not even by Mr. Settle himself. Judge Winston asserted that Settle does not expect to be elected, and that a vote for him would be thrown away. It would be throwing away a vote that the Democracy needs, and which would do Settle no good. If he stood the least chance of election he would not be backed by his party and would be powerless to undo the prohibition law which the sovereign voters of the State adopted themselves. He declared that the Democratic party had referred that great question to the sovereign people, and that they had acted upon it and that the Democratic party had done as the majority had ordered and was ready to undo it when ever a majority decided upon the repeal of prohibition. Therefore, those who want local option would never get it outside the Democratic party but would sooner get it by co-operation with the party which was able and stood ready to obey the mandates of the people upon that question.

Judge Winston brought forth hearty applaus by his allusion to the party's strong and able candidate for president, Woodrow Wilson, once a resident of Wilmington. He predicted that Wilson and Marshall will sweep the country, and he urged New Hanover to see that every Democrat votes, so that the county will secure its proper representation in the State, Congressional and District conventions. Throughout his speech he interpersed anecdotes, and not only was the audience greatly entertained but was edified and bouyed up for the great victory to be achieved at the polls next Tuesday.

Judge Winston will leave the city today for a few speeches in Brunswick county.

might be a second Progressive rally in Madison Square Garden. There had been some talk, he explained, of meeting there in behalf of the Progressive State ticket. I have arranged my speech for Wednesday night so I can deliver it in no more than half an hour, said Colonel Roosevelt, and in that time I shall not be able to take up State matters. If a meeting for the State ticket is held in Madison Square Garden or somewhere else in New York, I shall, of course, want to be there and I shall if I can, even if not able to speak.

Next Monday, the day before the election, Colonel Roosevelt hopes to be able to speak in the neighboring towns of Mineola and Huntington, in fulfillment of a promise made early in the campaign to devote the last days to his home county of Nassau.

Today's mail brought Colonel Roosevelt more than 1,000 letters and 300 telegrams. Most of them were messages of congratulation for his birthday or because of his recovery.

A birthday gift which interested him came today from Mrs. Richard Jordan, of Oyster Bay. It was a cake six feet in diameter. Beginning in the middle a half dozen four-leaf clovers were set in the icing; a rod wound in and out over the top of the cake, with electric lights on poles, one for each State, along the way. The tiny incandescent lamps were lighted by a storage battery concealed in the cake. At the end of the road is the White House. At the front door is an eight inch automobile, containing Colonel Roosevelt just about to enter.

POLICEMAN WON'T RUN

Greenville Inspector Arrested for Assisting Vaughn to Escape

Greenville, S. C., Oct. 28.—Police Inspector Jeff D. Gilreath, who, with Policeman A. A. Phillips and Constable Reuben Gosnell were arrested last night on the charge of assisting T. U. Vaughn, former superintendent of the South Carolina Odd Fellows' Home to escape from prison here, today was proposed as a candidate in a race against Sheriff elect Rector in the coming election.

Gilreath declined to allow his friends to enter him as a candidate for sheriff against Rector.

Vaughn was generally credited here with having been a minister because of the fact that he frequently occupied pulpits in churches in this section and was usually referred to as "Rev." There is no record available, however, showing that he had ever been ordained. He had prepared for the ministry in a Baptist college and was always prominent in religious affairs.

Salem, Mass., October 28.—Because of continued illness of Juror John N. Cater, the trial of J. J. Ettor, Arturo Giovannitti and Joseph Caruso for the alleged murder of Anna Lopizzo during a strike riot at Lawrence Mass., last January, was postponed today until Wednesday.

The car that conquers every territory it enters is the car to tie to

K-r-i-t cars have already conquered in many sections. They have never yet failed in profit to the dealer, and satisfaction to the buyer.

Increased production now enables us to bring them to you.

Here, therefore, is the opportunity for dealer and buyer alike—a car of medium price that offers such value and service that it has made a clean sweep.

One of the explanations of K-r-i-t value is—that all the essential parts are made within the K-r-i-t organization; the money is put into the car itself and not in useless equipment.

Dealers who know the K-r-i-t, know that the best part of the K-r-i-t profit lies in its character—which makes it a successful car next year as well as this year because the K-r-i-t reputation rolls up the sales. Moreover they know that K-r-i-t service means that the K-r-i-t Motor Car Company stands back of every car—that a written guarantee for a year goes with each car.

The dealer knows also that when he is offering the K-r-i-t he is offering his client a full $900 worth in power, speed, ease in riding, room, comfort, and reliability—more in fact, for that sum than he could ever offer before.

Therefore, the Dealer who ties up with the K-r-i-t will be scoring, like others before him, the biggest business stroke of his career. He will be tying to a car that will sweep through his territory just as it has triumphed elsewhere.

If you understand the technical side of an automobile, bear in mind that the K-r-i-t motor, clutch and transmission are a unit.

That means conservation of power, getting as near as possible 100-per cent efficiency. And speaking of power, don't forget that while the K-r-i-t is medium in price, it is full powered, staunch and husky, equal to any work.

K-r-i-t models are finished in black and nickel and with 56 or 60-inch tread as desired. Their equipment is complete.

An electric lighting system including five lamps, and 100-hour storage battery is added to each car for $10 extra.

REPUBLICANS HARD PRESSED

Doubtful If Votes Will be Large Enough to Preserve Party—Senatorial Candidates—Other News Notes.

(Special Star Correspondence.)

Raleigh, N. C., October 28.—There seems to be renewed effort among some Republicans in several sections of the State to get the Taft Republicans and the Bull Moosers together for the approaching election by the taking down of Hon. Iredell Meares as Bull Moose candidate for Governor and giving the Bull Moose forces all of the Republican electorial vote, the reason being especially for the assurance of a sufficient vote for Republican Governor to assure the maintenance of the party integrity.

There must be a vote of not less than 70,000 for Governor for Republican party to hold its place as a party organization under the State election law and have poll holders at the elections. National Committeemen E. C. Duncan is out of the city being in Charlotte on a business trip, and could not be seen here in regard to the matter but he is understood to be bitterly apposed to any such agreement. He insists that the Taft electors must not be sacrificed and will fight any combination to the end.

United States Senator Simmons spent Sunday here with his daughter, Mrs. L. A. Mahler and Mrs. Graham Andrews, and was in his State headquarters today giving personal attention to maters pertaining to his campaign for the Senate which is drawing to a close. He has fully regained his voice and is in excellent health and spirits. He says he is not in the least given to boasting but is confident of a sweeping victory in the first primary. A careful survey of the situation in the light of his long experience in politics gives him absolute confidence in the outcome. Governor Kitchin and Chief Justice Clark, his opponents, are expressing confidence in their prospects, both claiming assurance of election. Judge Clark does not believe there will be any nomination in the first primary and that he will be an easy winner in the second and Governor Kitchin taking the ground that he will lead and has a good prospect to win in the first primary and that in the second he is sure of the nomination.

The Supreme Court has decided to call the appeals for the Eleventh district on Thursday of next week instead of on Tuesday, the usual day. This is on account of election day being on Tuesday. The tenth district appeals will be called tomorrow. It is expected that the arguments for this week can be completed by Wednesday afternoon so that Chief Justice Walter Clark can get out into the State Thursday to fill his last series of engagements in his candidacy for the United States Senate against Senttor Simmons and Governor Kitchin.

NORTHWEST TOWNSHIP.

Primary For County Officers Held—Rousing Democratic Majority.

(Special Star Correspondence.)

Leland, N. C., October 28.—The Democratic primary of Northwest township, Brunswick county, for nominating a township ticket was held at the voting precict in Summerville village, near Phoenix, Friday at 3 P. M. The largest crowd for the past seven years attended, 40 or 50 votes being cast. There were seven candidates for justice of the peace, the following having been nominated. C. J. W. Murrel, J. T. Roper and W. W. Adams. Two others, F. M. Sykes and I. C. Powell were recommended to the Legislature for appointment. I. W. Skipper, incumbent for past two years and who has been one of the best officers the township has known for years was nominated by acclamation.

Democrats are confident of making a landslide in Brunswick this year, electing the entire ticket with ease. Northwest will give a majority of 130 or 140.

BODY BY ROADSIDE

Beaufort Citizen Found Dead Near Blount's Creek Station, N. C.

(Special Star Telegram.)

Washington, N. C., Oct. 28.—News has just reached this city of the finding of a dead body on the road near Blount's Creek station, this county, about 18 miles from this city, about dark this afternoon. The dead man is supposed to be Mr. Fred Wolfenden, of Chocowinity township, and one of Beaufort county's most influential and prominent farmers. The facts in the case are meagre and nothing absolutely definite can be learned at present. Mr. Wolfenden was known to have driven down there this afternoon and a horse and buggy were found on the road with the driver missing. A search was immediately started and the dead man found a short while ago. There are rumors that he met with foul play, while others think his death was from heart failure, and that he had fallen from his buggy and died by the road side.

SOUTHPORT NEWS NOTES.

Case of J. H. Roberts—W. B. & S. Secures Additional Property.

(Special Star Correspondence.)

Southport, N. C., Oct. 28.—The case of J. H. Roberts, which is of considerable interest, was heard under the restraining order before Judge Bragaw at Fayetteville on Oct. 23rd, and the inguunction continued until the case can be heard at the next term of Brunswick county court, W. P. Mangum Turner, of Wilmington, represented Roberts C. Ed. Taylor, of Southport, appearing in behalf of the commissioners of Brunswick county.

The class from the Oxford, N. C., Orphanage gave its annual entertainment in the court house here last week. As usual three was packed house and $61.15 was given the orphans. Prof. J. W. Harper, of the steamer Wilmington very graciously carried the class to and from here free of all charges.

The Dickens Club held its regular meeting last Friday. It is now reading and discussing "Bleak House."

The political campaign here, on the surface, is very quiet, but there is a good deal of work being done of the heart to heart variety, which is perhaps better known as "bushwhacking." Saturday was closing day for registration. At Southport there is about 15 per cent increase in the registered vote.

The John H. Sparks Famous Shows, in brief "The Circus," which is to show in Wilmington on Nov. 6th, is receiving attention here, and there is likely to be a crowd from here and the county, to see the animals

Some of the W. B. & S. officials were here last week. A recent purchase by the company is the fine lot corner of Moore and Rhett streets, owned by Miss Kate Stuart. This lot is on the opposite side of the street from the property recently purchased by the company, which extends from Bay street to Moore street. The survey has ben made on the waterfront, and it is said that docks and warehouses will soon be built. It is also rumored on account of the increase of business that a regular freight train service will be inaugurated between Wilmington and this city in a few weeks.

As proof of the fine Fall weather here, particularly as to storms off this port, not a single warning has been hoisted during the month, not even a cautionary signal. Work upon the city sidewalks will begin this week. These are to be constructed of cement. As per city ordinance, the walks ordered must be laid by January 1st, 1913. Frank M. Abell, of Wilmington, has the contract for the work.

At the Lumber camp of the Waccamaw Lumber Company, this county, a few days ago, an attempted double murder, caused by jealousy, was partly successful. The shooting took place after nightfall, one negro shooting another, who dropped dead, and then turning upon a negro woman, who was seriously wounded but not dead at last accounts. The murderer at once fled towards South Carolina, some ten or fifteen miles from the place of the shooting. The names of the parties have not been learned. Coroner Jos. Stanland held an inquest with the usual verdict in such a case.

INDICTMENT APPROVED

Conviction for Embezzling Asheville Bank Approved by Supreme Court

Washington, Oct. 28.—The conviction of William E. Breese and Joseph E. Dickerson, on an indictment charging conspiracy to embezzle from the First National Bank, of Asheville, N. C., was today approved by the Supreme Court. The indictment was brought in 1897 and has been fought ever since.

Breese and Dickerson contended that the indictment was invalid because the grand jury had not accompanied the foreman into the court room in presenting the indictment to the court.

Justice Holmes, in announcing the court's opinion today, said that the point that a constitutional right had been violated in thus presenting the indictment did not need discussion. He explained that the rest of the grand jury was in an adjoining room with a clear passageway to the court room when the foreman presented the indictment.

"It would be going somewhat to say that it was not presented in the presence of the grand jury," said the justice, "if we apply the cases regarding the signature of wills."

He added that the point was raised too late.

Asheville, N. C., October, 28.—Neither William E. Breese nor Joseph Dickerson have been arrested, their counsel stating that the bond under which the men are being held, is sufficient to hold them until final disposition of the case is made. It was stated tonight that the decision of the Superme Court will be remanded to the Circuit Court of Appeals, which in turn will send the case to the district court at Asheville. Both courts, it was stated, are bound by the mandate of the Supreme Court. Breese is at his home at Brevard, N. C., and Dickerson is at his residence in this city.

TEXTILE WORKER TESTIFIES

John Golden Corresponded With Ryan About An Explosion

Indianapolis, Ind., Oct. 28.—John Golden, president of the United Textile Workers of America, testified at the "dynamite trial" today that he had corresponded with the Iron Workers Union headquarters in Indianapolis, about an explosion.

He said in April, 1908, he had written to Frank M. Ryan, president of the International Association of Bridge and Structural Iron Workers, enclosing a clipping headed "Dynamite Exploded," and saying "enclosed please find newspaper clipping which will be self-explanatory."

The clipping referred to an explosion on April 26th, 1908, at Fall River, Mass., when two spans of a bridge were blown up. The work was being done by a contractor against whom the Iron Workers had called a strike.

It was one of the jobs Ortie E. McManigal confessed to having done on instructions from J. J. McNamara.

Mr. Golden also identified a copy of a reply sent to him by Mr. Ryan. In the reply Ryan referred to an editorial in the union's magazine commenting on the finding of dynamite on a job in Cleveland which a non-union workman said he placed that he might "discover" the explosive and be promoted. Mr. Ryan's reply to Golden was that the Fall River explosion might be classed with the finding of the dynamite in Cleveland.

Testimony that President Ryan and McManigal had talked for two hours in a room to which the door was closed was given by B. J. Cook, former stenographer for McNamara.

"How long were Ryan and McManigal in the room?" asked Senator J. W. Kern, counsel for the defense, on cross-examination.

"McManigal came to the office and asked for McNamara," replied Cook. "I told him McNamara was out, but Ryan was there. Then he went in to see ryan about 3 o'clock in the afternoon and when I left the office, they were still in there."

Two days before McManigal confessed, he caused an explosion at Kansas City, Mo.

Three automatic magazine guns, one shot gun and cartridges were presented before the jury as having been the property of John J. McNamara, James B. McNamara and McManigal. They were identified by Frank P. Baker, prosecuting attorney of Marion county, as part of the property taken from the Iron Workers' headquarters after McNamara's arrest.

This Home-Made Cough Syrup Will Surprise You

Stops Even Whooping Cough Quickly. A Family Supply at Small Cost.

Here is a home-made remedy that takes hold of a cough instantly, and will usually cure the most stubborn case in 24 hours. This recipe makes a pint—enough for a whole family. You couldn't buy as much or as good ready-made cough syrup for $2.50.

Mix one pint of granulated sugar with ½ pint of warm water, and stir 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. This keeps perfectly and has a pleasant taste—children like it. Braces up the appetite and is slightly laxative, which helps end a cough.

You probably know the medical value of pine in treating asthma, bronchitis and other throat troubles, sore lungs, etc. There is nothing better. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in guaiacol and all the natural healing pine elements. Other preparations will not work in this formula.

The prompt results from this inexpensive remedy have made friends for it in thousands of homes in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

DON'T NEGLECT CATARRH

Even in its early stages Catarrh is a most distressing complaint, known by its symptoms of stuffy feeling in the head and nose, roaring in the ears, mucus in the throat, difficult breathing, etc. When the blood becomes thoroughly polluted with catarrhal matter the inflammation extends to the bronchial tubes, causing hoarseness and often an aggravating cough, the stomach is affected, resulting in dyspepsia, loss of appetite, and gradually all the mucous membranes of the body become diseased. Catarrh is a deep-seated blood disease and must be treated constitutionally; it is beyond the reach of local treatment. Only temporary relief can ever be had from the use of sprays, washes, etc. S. S. S. cures Catarrh by cleansing the blood of all impure catarrhal matter and at the same time building up the entire system. It goes down into the circulation and removes all impurities. Then as pure, nourishing blood circulates through the body, the inflamed membranes heal, all discharges cease and every symptom of Catarrh passes away. Don't neglect Catarrh; cure it with S. S. S. as thousands have done. Book on Catarrh and any medical advice free.

THE MORNING STAR

WILMINGTON STAR COMPANY, INC.
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates, or advertise anything foreign to their regular business, without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Who put the can on Uncle Joe Cannon?

A third, fourth or fifth term—not on your tintype.

All men were born free and equal—free of clothes and equal in responsibility for giving trouble from the very start.

Justice is on the trial of the special interest party. Speed justice by voting the Democratic ticket early next Tuesday.

While there has been a great deal of standing at Armageddon there had been considerable more lieing at Armageddon.

"We are yet to do many more things with electricity," says a scientist. We'd like to see it shock some people who have millions and want more by taxing the toiling masses.

"Let well enough alone" for the trusts and protectionists. They are satisfied with things just as they are under the high tariff, saddled on the people by Aldrich, Payne and Smoot.

President Taft has admitted in a speech that "the Republican party is not responsible for good crops." His declaration will be received with doubt by North Carolina Republicans who don't know that the Republican party holds up all the people to enrich a few of the people.

Says the Asheville Citizen: "A Paris gourmand is reported to have died in great agony after eating ten cauliflowers. After such a meal as that he artichoke." Bang! Editor Cain will consider himself shot. At the same time, a fellow who would get on the outside of ten cauliflowers is a blooming idiot.

A Washington dispatch says President Taft will go to his home in Cincinnati to vote next Tuesday, and "he feels that he will be elected." This shows how National Chairman Hilles can make a candidate feel good in face of what the World, the Herald and the American forecast about the election next Tuesday.

A Hungarian paper published up North contains this headline: "Humburgier Napadi, No Rooseveltа." That must mean that some candidate for President is a nature faker for pretending to be a Bull Moose, and that the best way to get a Bull Moose's goat is for Hungarian Americans to vote for Woodrow Wilson.

General Felix Diax had dreams of triumph and greatness but he walked up to find out that his valiant army got cold feet at the prospect of a hot fight. This teaches that none of us are farranted in feeling cock sure of coming out on top till we know what arrangements the other fellow had made to get our goat. Over confidence ofter proves that we are short on foresight.

The government ought to be for the protection of the people, but Republican government makes the people the victims of monopolies and trusts. It is time for the people to insurge and load up the ballot boxes with ballots to free themselves from an infamous protective tariff which compels them to pay tribute to provide Big Business with money to pay interest and profits on billions of watered stocks.

Next Tuesday is election day. We will then know whether the people will take charge of their government or risk it four more years in the hands of Taft, backed by J. Pierpont Morgan, et al, or whether they will run the risk of Roosevelt for a third term under the auspices of George W. Perkins and the Harvester Trust and Steel Trust magnates. The voter who hesitates to vote for Wilson is lost.

THE TARIFF IS CONVICTED

The Republicans have been making the absurd argument that the tariff is not largely responsible for the high cost of living. The evidence, however, is overwhelming that protective tariffs have increased prices everywhere the protective system prevails. A prohibitive tariff breeds monopoly and shuts out competition, and the investigations of all economists show that in the countries which have high tariffs the burden of living is greatest. The countries which feel less of the burden are those countries with low tariffs. The Republicans can squirm all they want, but the world's experience is against them. Upon this topic it is well to quote such a great authority as the New York Journal of Commerce:

"While protectionist journals are doing their utmost to show that the tariff does not raise the cost of living, they are also trying to show that the farmer, despite the high prices of manufactures, gets more in goods for the produce of the soil than he ever did. The pressing of this view coincides with a reaction in Great Britain against the movement for a tariff. In Spain, the shortness of the grain crop and the consequent rise of prices has led to a reduction of the duties on grain. In Germany the cost of foods is literally breaking down the population in an economic sense, and these high prices are ascribed to the tariff on cattle and corn.

"The list of prices just published by the Democratic campaign committee is instructive on this point. It shows that a considerable number of articles of common use are higher here than in England. There is little purpose in charging that, as this list is the work of a political agent, it cannot be trusted. The facts developed in it coincide too closely with what is known from other sources to leave any doubt of the fact that a given sum of money spent for articles of necessity goes much further in London than it does in New York. The view thus taken is amply borne out by the inquiries of the British Board of Trade which two years ago made one of the closest examinations of cost of living in this and foreign countries that has ever been published. Similar evidence was borne by the Tariff Board in its report on cottons, for while many grades of goods could be more cheaply made here than abroad, it was found that most of them sold at materially higher rates than they did in this country. This may be due to the operations of middlemen as alleged by some, or to a different cause. Whatever may be the basis for it, the difference in prices exists and exists invariably in those lines where protection is highest. The relation between cause and effect is easily established. There need be no stretching of logic to establish it.

"What is thus indicated as the result of current inquiries, and as the inference from economic principle, is amply borne out by history. The English corn laws were abolished because they made bread dear. Modern tariffs serve the same purpose. They raise the cost of living to the buyer of foodstuffs in every country where there is regularly a shortage of local output. No amount of defense or excuse can explain away this fact. It is supported by every kind of reasoning and observation. Cost of living is higher as measured in foodstuffs in the United States, in Germany, in France and throughout the tariff-using world because of the barriers to the movement of goods. The only arguments that can be used to defend this situation are that the revenue thus derived is needed by the Treasury, or that the farmer should have his share in the proceeds of protection. It is a poor country indeed that is obliged to lay an unreasonable burden upon the lowest classes of consumers in order to pay running expenses. The farmer, on the other hand, will not need the aid of the tariff if the goods he buys are not unreasonably advanced through tariff charges. There is a way of relieving him without subjecting the consuming masses to the higher prices they will have to pay if the importations of their food are taxed."

We can point to a case closer to home. Mexico removed the tariff on food products because the several years of war in that country have reduced production and made prices high. The tariff was taken off to reduce the price, so we see that the prohibitive tariff on certain products in Mexico has been totally removed to keep them from being so high as to almost bring about starvation. The Mexican farmers themselves were glad for the tariff to be removed, for they get as much relief as do the masses in general.

These reductions on farm products are only used as an illustration in certain countries, for as a general thing the farmers in this country do not benefit directly from a tariff on their products, since this country exports those products instead of buys them from abroad. If we imported raw farm products from abroad the thing would be reversed and protection would benefit the growers. However, it is the finished products of the trusts which are protected and the farmer really ought to be left out of the argument. It is on the hundreds of high-priced things, clothing and necessaries, as well as farm products that makes living burdensome. The burden does not come altogether because of high farm products, but because everything else also is high.

The tariff also makes it high for the farmers. High prices for what they buy and higher wages for labor and supplies make it cost him more to produce his crops. The disposition in all countries is to take it out of the farmer and that is President Taft's proposition, but the farmer wants relief on the supplies he buys while the public wants relief on the food and necessaries which it buys.

It is not what a farmer gets in money for his crops but it is what he can get for his money after he sells his products. He generally finds that he comes out behind more often than ahead. He also is the victim of high prices.

TO MINIMIZE VICE.

The greatest audience of men ever seen in Wilmington assembled at the Academy of Music Sunday afternoon and got in touch with a movement which is now stirring the best impulses of the cities of America and Europe. This movement is one for the minimization of vice and the resultant raising of a higher standard of morality in Wilmington. The impulse is benevolent rather than vindictive, and the meeting at the Academy gave a new aspect to a movement which is preventive rather than punative. The motive is philanthropic instead of vengeful.

The Rev. Dr. W. H. Milton, rector of St. James Episcopal church, spoke the foreword at the meeting and his introductory remarks indicated the character, earnestness and seriousness of a movement to make a cleaner and happier Wilmington. Light is to be shed in dark places, lives are to be brightened, and sunshine is to take the place of gloom and despair. It is a purposeful undertaking and not a crusade, and Dr. Milton made it plain that messages of hope and means of relief are to characterize a work which is to be more missionary in spirit than rigorous in method.

The chief speakers on the occasion were Dr. Howard A. Kelly, the eminent gynecologist of Johns Hopkins University, Baltimore, and Samuel E. Pentz, Esq., special attorney for the vice commission of that Maryland city. Dr. Kelly spoke from the hygenic and physical aspect of the subject, while Mr. Pentz enlightened the audience upon the moral, humane and legal methods followed in Baltimore in the suppression and uplifting work to be carried on with perseverance and not spasmodically. The addresses were educational and inspiring, and they were meassages from the Christian physician and Christian lawyer.

Most of the clerymen of Wilmington were present, and those taking conspicuous part in the exercises were Right Rev. Bishop Strange, of the Episcopal church, Dr. Milton, of the Episcopal ministry, and the Rev. Jno. C. Wooten, pastor of Grace M. E. Church. Dr. Thomas F. Burbank, one of Wilmington's most prominent physicians, introduced Dr. Kelly, and Mr. Wooten introduced Mr. Pentz.

The vast audience of men was moved to sympathy with the spirit and purpose of the movement, and the addresses and religious exercises left upon all present a sense of profound responsibility. The Star understands that whatever plans are to be adopted in this matter are to be pursued in a firm but Christian spirit with a view to deter, rescue and save. Such a work can but have the sympathy and earnest co-operation of all good men and women, and no doubt we shall witness a reformatory and evangelical work that will prove a blessing to Wilmington and an example to other cities.

CATTLE RAISING OPPORTUNITY.

While we are burdened with high prices for meats in this country, Germany is also suffering. That country has a shortage in its meat animals and besides it has a high tariff specially levied to protect her farmers. Thus there are two causes for high prices in Germany—the tariff and a shortage of meat animals. Germany already is taking steps to reduce the tariff so she can give her people meat to eat.

England imports more than half her meats and there is no duty on them. She is, therefore, getting her meats cheaper than any other country. With Germany and other countries in the markets as buyers, prices will continue high or probably increase, because of the further demand for meats from that and other countries.

There is a shortage of meat animals in the United States, and while this country is exporting meats, the prospects are for big prices for meats for years to come. Our farmers ought to take advantage of it and raise cattle, hogs, sheep, goats and other meat animals. There is money in it, and there will be for many years.

One coterie of trust magnates and financiers is backing Taft and another set is behind Roosevelt. Members of Congress elected on the Roosevelt and Taft tickets will be one on the tariff and if they have a majority in Congress they will fuse and pool on legislation for special interests. If the election is thrown into the House they will also unite in the election of a President agreeable to the special privilege crowd which is backing both the opponents of Democracy. Don't be deceived about that.

The Sultan of Turkey up against four kings and unless it's a bluff he had better get cold feet and give the four flushers a run for his money.

CURRENT COMMENT.

There's a "will" in Wilson and a "shall" in Marshall that give the people confidence.—New York American.

The Charleston Post hears again "that good old rumor about the Pennsylvania Railroad being about to absorb the Atlantic Coast Line." It considers the rumor rather more credible than usual this time because the Pennsylvania might well wish to qualify through the purchase of the Coast Line for sharing fully in the new business induced by the Panama canal. Things that are rumored so long and so persistently have a way of often happeninng at last, especially in the railroad world. The Pennsylvania is some railroad, and if it got the Coast Line a link with Charlotte would be established without delay. —Charlotte Observer.

That was a close race between the corn club boys and Brooks and Meriwether counties. The winner of first prize in Meriwether raised 113 bushels of corn on one acre while the winner of first prize in Brooks raised 112 1-2 bushels. The announcement of the award of prizes in Meriwether does not give the cost of growing the corn, but the Brooks county boy made a good thing out of his, for he showed a profit of $76.68, besides his prize money. Which proves that there is good money in growing fine corn, even if there are no prizes. So far, the Terrell county boy, with his yield of 153 bushels on one acre this year, is ahead, but all the corn club boys are setting their fathers a fine example. —Savannah News.

Mr. Taft's argument in his address to Western farmers is easily imitated. "There never was a time," he says, "when the farm products of the Northwest would purchase as much as they do today." This is true, because, with one or two exceptions, Northwestern crops are the largest on record and prices are higher now than they were in the exceptional years. There never was a time when there was a higher tariff, or more profit in it to those whom it serves, or so many victims of it, or so much reluctance on the part of its beneficiaries to let go, or a President who so resolutely refused to keep his promise to revise it downward, or so many trusts, or so little disposition of those in authority to put one responsible man in jail. There never was a time, either, when so many Americans, Republicans as well as Democrats, had made up their minds to vote the Democratic ticket, or so many Republicans had concluded to defeat the re-election of one of their own Presidents. It is a great year.—New York World.

LINDLOFF TRIAL BEGINS.

State Introduces Its Principal Witnesses Against Clairvoyant.

Chicago, October 28.—The State introduced its principal evidence today in the trial of Mrs. Louise Lindloff, spiritualist, clairvoyant and crystal gazer, charged with poisoning her son Arthur and who the prosecution asserts predicted the deaths of other members of her family.

Dr. Walter S. Haines, toxicologist, testified he found betwen three and four grains of a mineral poison, enough to cause death, in the body of Arthur Lindloff, the son of the defendant and that he found the same drug in fatal quantities in the bodies of William Lindloff, one of Mrs. Lindloff's husband's and Alma Lindloff, her daughter.

"In my opinion all three members of the family died of poison," said Dr. Haines. He also testified he had analyzed the powder in a box said to have been found in Mrs. Lindloff's house and found it to contain 80 per cent. mineral poison. The embalming fluid used in the bodies, he said, contained no poison.

The undertaker who buried Alma Lindloff testified that Mrs. Lindloff told him he would have another funeral at her house within a year. An insurance agent testified the woman placed a $2,000 policy on the boy's life a few months before his death.

Testimony favorable to the accused woman was given by Dr. M. Berger, who said Mrs. Lindloff was willing the body of the boy should be examined and volunteered the information that another physician had told her he had symptoms of poisoning.

Accusations that the State's witnesses were being approached lead to a guard being placed about them by detectives. A number of fortune tellers, crystal gazers and mediums, some of whom are from distant cities, are attending the trial. They and the defendant profess to see spirits hovering about the court room and to receive messages from them concerning the case.

THAT TEN THOUSAND DOLLARS

I've been writing something every day;
I've tried my best to point the way
For all to help a cause that's good,
So help it out, I wish you would.
Some say they cannot
Some say they can't a dollar spare,
But this I do to you declare;
All could with ease a dollar give
And have lots more on which to live.
It's not from the dollar they hate to part,
They haven't got the cause at heart.
There are hundreds tho' within our scope
Know "Wilson" is our only hope;
So if you want him to be our boss,
We laboring men must come across.
If sixteen men contribute fifty,
(Of course, these men must be real thrifty);
And thirty-two will then give ten,
(And surely our city has such men).
Two dollars from a hundred and forty-six,
Of course we've men to turn those tricks;
Four seventy-three to give a dollar each,
That's all we need the goal to reach.
We need this money and need it "bad;"
If you don't give now you'll wish you had.
I'm working on a team you know,
I'd like to make some kind of show.
Most of the teams are doing fine,
I want to say the same of mine:
If you are not pledged to give to them,
Leave yours at The Star for S. A. M.

KILLING IN ROBESON

White Man Shot—Justifiable—Negro Shot at Raynham—Accidental

(Special Star Telegram.)

Lumberton, N. C., Oct. 28.—Coroner Rancke was called to the lower part of the county yesterday to hold an inquest over the remains of Sam Britt, white, who was shot and killed by Harlen Strickland Saturday evening. The evidence showed that Britt shot at Strickland three times before being shot and the coroner's jury rendered a verdict saying the killing was justifiable.

Willis McArthur, 10-year-old negro, was shot and killed at Raynham yesterday afternoon. The killing was said to have been accidental, a pistol in the pocket of another boy having been discharged while several boys were engaged in playing. Coroner Rancke and Dr. Page held the inquest this morning.

St. Petersburg, Oct. 28.—The condition of Crown Prince Alexis continues to improve, according to information from Spa. His temperature and pulse this afternoon were only slightly above normal.

RED CROSS ANNUAL MEETING

Wilmington Chapter Elects Officers and Hears Interesting Reports of Year's Work—An Interesting Review.

Interesting and most helpful reports of the progress of the work during the past year, the election of officers and other interesting features marked the annual meeting of the Wilmington Chapter of the National Red-Cross Society which was held yesterday morning in the parlors of the Colonial Inn.

The election of officers resulted in the choice of the following:

President—Mrs. Cuthbert Martin.
Vice President—Rev. Thos. P. Noe.
Secretary—Mrs. S. Mendelsohn.
Treasurer—Mrs. W. C. Munds.
Corresponding Sect.—Mrs. Sarah McLaurin.
Chairman of Visiting Committee—Mrs. S. Solomon.
Treasurer of Building Fund—Dr. Jos Akerman.
Medical Examiner—Dr. John C. Wessell.

The most interesting and comprehensive report submitted at the meeting was, of course, that of Mrs. Cuthbert Martin, the president, which was received with thanks and adopted as follows:

President's Report.

Wilmington, N. C., Oct. 28th, 1912.

As President of Wilmington Chapter of the American National Red-Cross Society for 1912, a brief summary of our work for the year is in order:

As shown by the various reports our work has grown very perceptibly, greater harmony and co-operation existing between Chapter, Physicians and Health Department. All cases white and colored reported promptly and assistance readily given when necessary. Our enrollment shows a membership of 195, an increase of 35 over 1911; 13,615 Red-Cross Seals sold in excess of previous year; All appeals for action on the part of the American Red-Cross in time of war and to the needs of those suffering from the effects of great calamities at home and abroad have received prompt and vigorous response. $717.45 collected sent to Washington and forwarded direct, without expense, to Committee in charge of Chinese Famine Fund. Also $31.00 together with two boxes of clothing, valued at $350.00 sent to Mississippi Flood Sufferers. $8,168.61 has been received and accounted for by this Chapter during the year, this amount not including boxes of clothing, bed linen, food and fuel liberally donated and distributed by our Visiting Committee and members of Chapter. Six Steamer Chairs the gift of two members, have been a source of great pleasure and comfort to our helpless and hopeless patients.

Through the kindness and courtesy of Dr. Gardner, Physician in charge of Marine Hospital, the Chapter was enabled to relieve the James Walker Memorial Hospital of an emergency case. Mr. James Wade of Laurinburg by the loan of grounds and tent pitching same and otherwise rendering valuable assistance. Red-Cross Nurse, and Chapter's most efficient Medical Examiner Dr. J. C. Wessell, paid daily visits, man servant in constant attendance, patient under care of Chapter eight (8) days, gaining strength enough to be sent home, accompanied by Red-Cross Nurse.

Through the efforts of this Chapter, a tenement house in Steadman Alley, the very heart of the City, was condemned as unfit for habitation, inmates about 25 in number, ordered to vacate, colothing, furniture and bedding, property of tuberculosis patient, who died in the house, was burned. Drs. Nesbitt and Thames, whose interest and assistance at all times, cannot be too highly commended, personally superintended fumigation, cleaning of house and premises, both a nuisance and menace to the health and comfort of the entire block.

In April and also in July, Mr. E. G. Routzan, Representative of National Association for Study and Prevention of Tuberculosis, visited our City, conferring with Red-Cross Chapter, Superintendent of Schools and local clubs, for the purpose of obtaining their co-operation in the work of the organization, giving many valuable facts, as to the work that is being done throughout the County, in the nation-wide fight against the disease, referring to our Red-Cross Nurse and proposed Sanitarium for advanced cases, as Life Insurance Agencies, which this community cannot afford to be without. Mr. Routzan also spoke of the opposition the Chapter had experienced in the location of Sanitarium as positively foolish, reflecting as it did the general sentiment of the ignorant public in such matters, few people troubling themselves to think of the danger to the public from allowing "Consumptives" to roam the streets, visit densely crowded places of amusement and daily subjecting the well portion of the community to the danger of contracting the disease, but when it was proposed to build a Sanitarium, a "House Beautiful," convenient for the Chapter, where the cases could be handled in such a manner that there could be no possible danger of infection, the residents of that community objected, never thinking of the danger from flies, servants, milk and food supplies, where most of the danger lies.

The Object of the Red-Cross Chapter is to educate the general public up to thinking over the situation and to understand what the workers in the Society are trying to do for them, so the remedy must be in the whole community working together, the business men joining hands with this Society in an intelligent campaign, to arrouse the interests of the public, for much of the success of a "Tuberculosis Campaign" depends on the interest of the business men, who should take a keener and more vital interest in health matters. Through the efforts of the National Society, a State Secretary, for North Carolina Mr. L. B. Myers, of Charlotte, N. C., has been secured, thus making our work a State-work, organizing Red-Cross Chapter in every town, educating and making it possible for each County to care for its own, necessitating an increase of 12 1-2 per cent of our seal sale to further the work. In July, our Building Committee (however disappointed,) decided not to antagonize the 42 signers of the protest in the Southern Section by building on site so graciously given by Mr. and Mrs. W. L. Parsely, for our Sanitarium. This site having been purchased at a cost of $2,500, contains six city lots, ideally located and most suitable for our needs. Property in hands of Red-Cross Chapter Directors to be disposed of at their discretion for benefit of Sanitarium. In July, the County Commissioners realizing the urgent need of a Tuberculosis Hospital, in response to an appeal from a delgation of Red-Cross Members, very generously donated a tract of land, 10 acres in size for our Sanitarium, thus making it possible for our most cherished hopes to be realized. The Commissioners also voted with Council to appropriate $1,500 each year for maintenance. Tuberculosis Day, October 27th, was observed in Wilmington for first time, educational lectures, in schools and sermons in Churches, general.

Our object this year will be the sale of 100,000 seals. Let us double our energies, everyone, not a few, enter the contest and the goal will be reached.

The Officers and Executive Board wish me to thank the Health Department for their interest and so-operation at all times. Dr. Nesbitt for his untiring, zeal and generosity. The Associated Charities for food and fuel for those in need. The Daily papers for their courtesy and support. The Atlantic Coast and Seaboard Air Line Railroads for charity rates and franking of boxes to Mississippi Flood Sufferers. Mr. E. A. Herbst for his hospitality extended in allowing us the use of the Colonial Inn Parlors for our meetings. The Tide Water Power Company for City pass for our Red-Cross Nurse. Architects Mr. J. F. Leitner and Mr. James Gause for beautiful plans for Sanitarium. Commissioners and Council for their interest and substantial aid. Mr. J. M. Solky for his most generous gift of unlimited wood to Visiting Committee and for handling all supplies sent to Vicksburg, Miss., for Mississippi River Flood Sufferers. Dr. Gardner for his kindness and timely assistance, and to each and every contributor and purchaser of Xmas Seals, as nothing can be accomplished without the co-operation and generous support of our friends.

In closing let me sound a note of commendation regarding the excellent work of our Red-Cross Nurse—Anna Bentley, whose faithfulness has done much to alleviate suffering and prevent the spread of disease. Personally, let me thank each member for their loyalty and eager support in all work of this Society.

Respectfully submitted:
MRS. CUTHBERT MARTIN.
President.

The report of Mrs. S. Mendelsohn, corresponding secretary, was as follows:

"Wilmington, N. C. Oct. 28th.
"To The Officers and Members of the Wilmington Chapter, American National Red-Cross:
"Ladies and Gentlemen:—

I have the honor of presenting to you the following short summary of the Chapter's activity of this year. The office of recording secretary remained unfilled at your last annual meeting and was left open until January 1st, when our Worthy President did me the honor of appointing me to take charge of it. All financial transactions were then in the hands of the treasurer, who continued in charge of same until her resignation on Oct. 12th, from which time our president has filled the vacant office. I, therefore, have no financial report to submit to you.

"The Chapter has an enrollment of 195 members. Since Jan. 1st, the Chapter has held six meetings with an average attendance of 16. Proceedings of these meetings are on record in your secretary's books; but I refrain from quoting these, knowing that our worthy president's report will give you a full account of the Chapter's work in its various lines. The principal feature of the year's activity is the now assured erection of a sanitarium for the use of tuberculosis patients.

"Respectfully submitted,
"MRS. S. MENDELSOHN,
"Recording Secretary."

Miss Sarah McLaurin, the corresponding secretary, reported having written eighteen letters in acknowledgment of gifts for the building and furnishings of the Red-Cross Sanitarium, with the exception of two which were for aid given in caring for patients.

Mrs. S. Solomon, chairman of the visiting committee, reported as follows:

"Wilmington, N. C. Oct. 28th.
"To The President, Officers and Members of Red-Cross:

"A brief summary of work done by the visiting commitee will no doubt be interesting, it being the first year that such work was attempted and this through the wish of our ardent and most capable president. In the work I was assisted by Mrs. J. V. Grainger and Mrs. Solky and we were glad to come directly in touch with those to whom our society is reaching a helping hand. From January till May there were from 20 to 25 calls made and to some food, clothing and the actual necessities of life were given. Wood was always to be gratis through the kindness of Mr. J. M. Solky. There were always members of our society eager and anxious to help, so it was never necessary to use the funds from our treasury. Dr. Wessell was particularly kind and gave advice and paid visits whenever and wherever neded. All patients always speak in terms of highest praise of our district nurse, Anna Bentley and eargerly await her daily visit. Thanking all those who so readily answered our frequent appeals for assistance and trusting we may be able to accomplish the same good work in the coming year,

"Sincerely
"MRS. S. SOLOMON,
"Chairman, Visiting Committee."

The report of Anna Bently, the visiting nurse, showed the following facts from March 1st 1909 to Dec. 1st: Patients 59, deaths 27, calls 993. In 1910, patients 65, deaths 35, calls 1,120. In 1911, White patients 13, deaths 5; colored patients 29, deaths 21, calls 1,240.

Since 1909 the nurse has had under her care 122 patients, 72 deaths. Seventy-five homes were cleaned and fumigated. Six patients were discharged by the attending physician as being cured. Three patients were sent to their homes. Patients now under care 14. Made a short talk to teachers and children of public schools; children from 498 to 500; teachers 13 to 12. Donations to nurse 1912: Dr. Nestle $1.50 in medicine; Mrs. W. L. Parsely, $2.00; Miss Julia Parsley, $2.00; Mrs. Allen Nichols, $3.00, milk and ice tickets. Other ladies, bed linens.

Total $617.18.

The recapitualtion shows receipts, $1,089.91; disbursements, $617.18; balance $472.73 on Oct. 7th 1912.

This report is signed by Mrs. Elizabeth VanB. Nichols, Treasurer.

The Society begins the new year under most favorable auspices and the outlook for an even better and more prosperous year during 1912-13 is bright.

PORT PARAGRAPHS.

Four Schooners Arrived With Cargoes Sunday—Cutter Back.

The schooner Edward R. Baird, Jr., Capt. Coulburn arrived Sunday from Baltimore with cargo of canned goods for Brown Brothers. The schooner has a full cargo and is the third of the kind to be received here in the past two years. Messrs. Maffitt & Wood, are agents for the vessel.

The schooner Richard Linthicum, Capt. Roberts, arrived Sunday from Jersy City with cargo of salt which is being discharged at the Seaboard Air Line terminals; vessel to Maffitt & Wood.

The schooner George M. Reed, Capt. Bell, arrived Sunday from Hoboken with cargo of cement to be discharged at the Seaboard Air Line terminals; vessel to Maffitt & Wood.

The schooner Lizzie M. Parsons, Capt. Sharpley, arrived Sunday from Chrome, N. J., with cargo of acid phosphate for the Armour Fertilizer Works, the vessel coming to Messrs Maffitt & Wood. The cargo is being discharged at the Seaboard Air Line terminals.

The revenue cutter Seminole, in command of Capt. Carden, returned Saturday night from Cape Lookout Cove, where she went to render aid to the burning steamer Berkshire. The Seminole did some great work and after transferring the passengers from the steamer to the shore stood by the Berkshire and pumped water into her until the fire was extinguished. The Berkshire left Lookout Cove Saturday night in tow for Norfolk.

BITTEN BY MAD DOG.

Mother and Three Sons Will Take Pastur Theatment at Once.

Mr. A. J. Burriss, of Surry street, his wife and three sons, went to Raleigh last night where all except Mr. Burriss will undergo the Pasteur treatment.

Mrs. Burriss was attacked by a seven-months-old puppy Saturday afternoon and when her little sons ran to her assistance they also were bitten. The dog was finally shot by Mr. Burriss. The head was sent to Raleigh and a telegram received yesterday was to the effect that the dog had rabies. Dr. J. B. Cranmer dressed the wounds and he advised that they go to Raleigh and take the Pasteur treatment. The dog was part hound and part bull dog. He bit Mrs. Bufriss severely on the arm.

A SPEEDY YACHT

Luola Came Up From Orton at 20 Miles Against Strong Ebb Tide

The beautiful Cape Fear yacht Luola came up from Orton last evening at a speed of 20 miles an hour against a strong ebb tide. Her double engines run as smoothly as an automobile. There is practically no vibration. She is a fine addition to the Carolina Yacht Club. Under full speed this boat makes 23 miles an hour.

NEWTON GIRL

Pale, Run-down, Anæmic—Restored To Health by Vinol

Miss Katharine Burns of Newton, Mass., says: About six months ago I was in a run-down condition and my blood was very poor. I had taken several medicines prescribed by physicians, but they seemed to do me no good. Finally Vinol was recommended, and from the first bottle I noticed a great improvement. I have taken six bottles and I feil strong and as well as ever."—Katherine Burns.

Vinol is the greatest body builder and strength creator we know of—the curative elements of the cod's liver, aided, by the blood-making, strengthening properties of tonic iron contained in Vinol, restore the lacking ingredients to the blood, and the result is health, strength and vigor.

If you need building up try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Robt. R. Bellamy, Druggist Wilmington, N. C.

GIVEN TERM IN REFORMATORY

Mills Boy Must Spend Two Years at Institution at Concord—Several Other Matters Before the Recorder.

Frank Mills, the 14-year-old white youth, who was arrested in Savannah, Ga., about ten days ago and brought back here to answer a charge of forgery in two cases, was sentenced in the Recorder's court yesterday morning to two years in the Stonewall Jackson Manual Training and Industrial College at Concord, application for his entrance to which has been made by telegraph by the local authorities. The specific warrant on which the defendant was arrested was amended, upon motion of counsel for the defense, in Justice King's court to charge check flashing instead of forgery, which put the case in the jurisdiction of the Recorder.

If there is room for him at the institution at Concord the youth will probably be taken there today or tomorrow. The following is the judgment of the court in full in the case:

"State of North Carolina, County of New Hanover; in the Recorder's court Before John J. Furlong, Recorder.

"State vs. Frank Mills.

"This cause coming on to be heard before me this day, and it appearing to the court that the defendant Frank Mills has been indicted on a warrant issued by J. C. King, a justice of the peace for said county, in which warrant the said Frank Mills is charged with having obtained the sum of $18.35 on a worthless check with intent to cheat and defraud D. F. Holloway, and the said defendant did not provide for the payment of the same, against the statute in such cases made and provided and against the peace and dignity of the State, and the said Frank Mills having been duly tried before me on said warrant and convicted on the charges in said warrant.

"And it further appearing to the court that the said defendant Frank Mills is a minor, under the age of sixteen years, and is now 14 years old, and it being the opinion of the court that it would be best for the said minor, Frank Mills, and the community in which said defendant has been convicted and now resides, that the said Frank Mills be sentenced and committed to the care and keeping of the Stonewall Jackson Manual Training and Industrial School for the period of two years from this date,

"It is now, therefore, considered and adjudged by the court that the said defendant, Frank Mills, be sentenced and committed to the care and keeping of the Stonewall Jackson Manual Training and Industrial School for a period of two years from this date.

"Given this 28th day of October, 1912.

"JOHN J. FURLONG,
"Recorder."

J. A. McNorton, Esq., who represented the prosecution, was perfectly satisfied with this disposition of the case. The defense was represented by Woodus Kellum, Esq., and Attorney Schulken, of Whiteville.

Katie Brindle, a white woman, was found guilty of conducting a disorderly house on Ninth street, between Wooster and Dawson streets, and was fined $25 and costs. She first gave notice of an appeal, but later decided to pay the amount of the fine and costs. W. P. Gafford, Esq., represented her.

Clinton Bailey, colored, was assessed $5 and costs for throwing stones in the streets. A nol pros was taken in a case against Frank Williams, a White man, charged with assault on a female, Sarah Taylor, upon the statement and request of the woman alleged to have been assaulted.

Urie Dawson, colored, received a total of nine months on the roads—six months for larceny and three months for assault with deadly weapon on E. A. Clark, colored. Lawrence Swinson, colored, for assault and battery, received a sentence of 30 days on the roads.

Albert Highsmith and Brenst Bryant colored, were charged with an assault on each other. Highsmith was fined $25 and costs and Bryant was found not guilty.

A case against James Hill, colored, charged with larceny from the person, it being alleged that he robbed a negro girl of $1 Saturday night, and with resisting an officer, was continued until today at the request of Hon. John D. Bellamy, who appears for the defendant.

Mary Flowers, colored, is alleged to have saished Mattie Jones, also colored, rather seriously Saturday night and she is charged with assault with deadly weapon. Her case is continued until Thursday.

Held Its Annual Meeting

The annual meeting of the Christian Association of St. Paul's Evangelical Lutheran church was held Sunday afternoon in the Luther Memorial building, corner Sixth and Princess streets, with a large attendance. Reports were presented by Mr. A. D. Wessell, the president; Mr. F. K. J. Fuchs, secretary and treasurer, and Mr. Martin Schnibben, of the board of trustees. The old officers were re-elected as follows: President, Mr. A. D. Wessell; vice president, Mr. John Haar; secretary and treasurer, Mr. F. K. J. Fuchs.

Saved By His Wife

She's a wise woman who knows just what to do when her husband's life is in danger, but Mrs. R. J. Flint, Braintree, Vt., is of that kind. "She insisted on my using Dr. King's New Discovery," writes Mr. F. "for a dreadful cough, when I was so weak my friends all thought I had only a short time to live, and it completely cured me. A quick cure for coughs and colds, it's the most safe and reliable medicine for many throat and lung troubles—grip, bronchitis, croup, whooping cough, quinsy, tonsilitis, hemorrhages. A trial will convince you. 50 cents and $1. Guaranteed by R. R. Bellamy.

THE IDEAL PLAN

"After having a Savings Account at the People's Savings Bank for several months, I am convinced I have struck the ideal way to save money.

"I deposit every pay day. I am not tempted to spend foolishly. I can have my money if I really need it. It is earning 4 per cent. interest. The interest is added to the principal each three months. I do not have to worry about losing either interest or principal. The bank is accommodating and on several occasions has given me some excellent advice. I have saved more in a few months than in all the rest of my life.

"Many of my friends have started savings accounts. If any one asks me the best way to save, I say:

A LARGE CONTRACT

What J. Hicks Bunting Drug Co., Wants Every Person In Wilmington to Do

When J. Hicks Bunting, the enterprising druggist, first offered a 50 cent package of Dr. Howard's specific for the cure of constipation and dyspepsia at half price, and guaranteed to return the money if it did not cure, he thought it probable from his experience with other medicines for these diseases that he would have a good many packages returned. But although he has sold hundreds of bottles, not one has been brought back.

To those suffering with dizziness, headache, poor digestion, constipation and straining, Dr. Howard's specific offers quick relief. It is an invaluable boon to all who feel uncomfortable after eating, and is today the popular dinner pill in all the large cities.

TILLERY-TAYLOR NUPTIALS AT OJFORD LAST TUESDAY

Many friends of the bride and groom in Wilmington will be interested in the following account of the wedding of Miss Sophie Littlejohn Taylor, of Oxford, and Mr. George L. Tillery, of Wilmington, from Saturday's issue of the Oxford Public Ledger:

"'She is mine own;
And I as rich in having such a jewel
As twenty seas, if all their sand pearls,
The water nectar, and rocks pure gold.'"

"St. Stephen's Episcopal church was the scene of a most beautiful wedding Tuesday evening, when Miss Sophie Littlejohn Taylor, one of Oxford's popular young ladies, became the bride of Mr. George L. Tillery, of Wilmington, the church overflowing with friends to witness the marriage of this popular couple.

"The church was exquisitely decorated in white and green with numerous candles and made a beautiful setting for the bridal party. In the order of the processional, to the strains of Mendelssohn's Wedding March, as played softly by the deft fingers of Miss Mary Webb, came first the ushers down the main aisle, Messrs. Kerr Taylor with J. C. Robards, Littlejohn Taylor with Windfield Taylor; Charlie Taylor with Beasley Taylor; followed by the bridesmaids in white crepe de chine and carried yellow chrysanthemums, first Miss Martha Ferebee, second, Miss Myrtle Shamburger, of Hertford; followed by two groomsmen, Messrs. James Lynch, of Wilmington, and Leon Marrow, of Soudan, Va.; next Miss Emma Tillery, of Richmond; next Miss Mary Williams; followed by three groomsmen, Messrs. George Lynch, of Wilmington; Paul Tillery, of Raleigh, and N. C. Tocl, of Wilmington. Next the maid of honor, Miss Irene Hines, attired in white crepe meteor and carried white chrysanthemums; next the dame of honor, Mrs. J. C. Robards, attired in yellow crepe meteor and carried white chrysanthemums, followed by the bride on the arm of her father, Mr. J. A. Taylor, attired in white satin charmeuse and carried shower bouquet of bride's roses.

"The groom with his best man, Mr. J. G. Tillery, of Wilmington, entered from the vestry room, and received the bride at the chancel. In a beautiful and impressive ceremony of the Episcopal Church, Dr. F. H. T. Horsfield, the bride's pastor, said the sacred words that joined these two young lives. The father gave the bride away.

"A reception to the bridal party and relatives of the bride and groom was held at the residence of the bride's parents, on Raleigh street, after which Mr. and Mrs. Tillery left at 11 o'clock in an automobile for Henderson, where they caught the midnight train for New York and other places of interest.

"The bride is one of our choicest young ladies. From a little girl she has grown up in our midst, honored by old and young alike. She has ever been a bright star in the home circle and now she has gone to reign as queen in her own home. The groom is almost a stranger to us, but judging from what the bride is worthy of, he is a good and noble man.

"Mr. Tillery is identified with the general offices of the Atlantic Coast Coast Line Railroad Company, and after a brief trip North Mr. and Mrs. Tillery will be at home in Wilmington.

"The Public Ledger joins their host of friends in extending warm congratulations and wish for them a long and happy life.

"The following are among the out-of-town visitors at Oxford for the wedding: Miss Annie Tillery, of Richmond; Miss Myrtle Shamberger, of Hertford; Miss Maggie Kingsbury, of Wilmington; Messrs. Ike Tillery and James Lynch, of Wilmington; George Lynch, of Texas; P. A. Tillery, of Raleigh; C. A. Toole, of Wilmington; Charles Taylor, of Asheville; Littlejohn Taylor, of the road; Clifton Robards, of the Southern Railway; Leon Hines, of the road; R. P. Taylor, of the road; Leon Marrow, of Vance county."

Mr. Tillery is chief rate clerk in the traffic department of the Atlantic Coast Line. His bride has visited Wilmington a number of times and is well-known here. Mr. and Mrs. Tillery will live at No. 211 South Fifth street.

Child's Narrow Escape

The Star is informed that Lucile Darden, the 11-year-old daughter of Mr and Mrs. R. J. Darden, 519 North Third street, came near being run over by the auto delivery wagon of the Eureka Pressing Club yesterday afternoon. She was on her bicycle turning the corner of Third and Market when the auto dashed down Third street at full speed, it is stated, and if she had not jumped off she would have probably been seriously hurt. As it was she has only slight bruises and is suffering from the nervous shock. Parents of the child say that the police should take some steps to stop reckless driving that is apparent almost daily on the streets.

Attachment Proceedings

John Simon has brought attachment proceedings in Superior Court against Simon, Barson & Co., a foreign company, for $1,000 damages for alleged breach of contract by the failure to deliver certain goods ordered by the plaintiff. A draft in the Southern National Bank of $250 and four cases of goods at the Clyde Line depot, belonging to the defendant company, were attached. Unless the case is settled in the meantime the property attached cannot be touched until after the hearing in the case.

Suit was started yesterday by the Atlantic Coast Line Railroad Company against the Chadbourn Lumber Co. Davis & Davis represent the plaintiff. It is understood that it is an action involving freight rates, though the complaint has not yet been filed.

..Theatrical..

Easily the best production that has been given at the Academy of Music this season, and possibly the best that local theatregoers will have the opportunity of witnessing in Wilmington throughout the Winter, was "The Pink Lady," a musical comedy with real music, an elaborate, even gorgeous custome and scenic envoronment, and just enough wholesome comedy, which was presented last night to a audience that filled the opera house from pit to dome, standing room even being at a premium.

It was said that early in the night the management stopped the sale of "rush" tickets. Theatregoers had been led to expect much and from all idications—from the applause accorded and the expressions after the show—few were disappointed.

The principal roles are confined to a few people and they make the most of every opportunity, this being especially so as to Georgia Harvey, as Madame Dondidier, John E. Young, her husband ,and Harry Depp, as Bebe Guingolph. Miss Olga de Baugh, a most winsome lady, with a pleasing voice, essayed the role of "The Pink Lady," and she was in every way equal to the part. She was especial-good in the song, "Beautiful Lady," in the last act. She is a fine violinist and her violin work is the last act was much appreciation. Miss Tessa Kosta also won marked approval of the audience and in the "Beautiful Lady," in which she possibly appeared at her best, an effort was made to get her to respond to an encore, but without success. The leading male characters were Charles Stone and Alfred Deery and they sustained their parts well.

The chorus was composed of attractive young women and they could sing and dance to a degree above the average. The show carries its own orchestra and this added greatly to the production. There is just enough plot in "The Pink Lady" to serve as a vehicle for exploitation of very enjoyable music.

There were present a large number of people from out-of-town, Fort Caswell, Lumberton, Goldsboro and other points being represented in the audience.

At The Bijou

The Wilmington people's playground—the popular, fascinating and handsome Bijou—was crowded again yesterday, and the start of the new week was a glorious inauguration of what is going to be one of the very best weeks in the career of this swell and most up-to-date theatre, where solid comfort always holds forth.

Today's bill will be the second number of this big week and will be especially strong for both the dramatic and comedy. Heading the former will be Pathe's latest thriller and it is the best thing these celebrated makers of moving pictures have ever done. It is "Misleading Evidence" and it deals with moonshiners and revenue officers, a theme that is always fascinating and one that permits of most virile action. This is, perhaps, the strongest of all such photoplays and it will furnish plenty of excitement, but of the strictly wholesome type.

Another strong dramatic is also one of today's topliners in Lubin's "The Message of the Violin." It is a film full of pathos and prettiness, but has a happy and bright climax. One exceptional feature of this film is that the leading character is taken by a clever juvenile.

There are a bunch of fine, snappy fun pictures, but the leading one for today is Selig's "The Sad Devil." It is a tale of college life and it is therefore awfully jolly. College life in its merriest form is splendidly depicted. A young collegian, out on a lark, is disguised as the devil. Consternation follows and the youth tries to escape. The complications that arise, as he is mistaken for His Satanic Majesty, are howls for laughter. This film is one of the best ever manufactured and is an entire show in itself.

Grand Theatre Today.

"Ragging The Old Virginia Reel" wil be the song hit at The Grand Theatre today and it will be one of Mr. Chick's very latest. It is New York's latest comic rag song and will be found equally as pleasing as anything yet given by Mr. Chick and that is saying a great deal.

In the moveys there will be a Kalem, "The Peril of The Cliffs" and a brand new Selig, "My Wife's Bonnet," an adaption of the orginal London version of the popular old farce-comedy by John Maddison and produced by Chauncey D. Herbert. The Kalem picture is a story of a vacation in the mountains and of the thrilling rescue from drowning of Rhoda, a beautiful young girl, and later of her admirer Dr. Boswell, who falls into the hands of a band of thieves and is at length rescured. "My Wife's Bonnet" was first produced on the stage at the Olympic Theatre, London, in 1864. It is presented by Selig now for the first time in moving pictures and will prove a big feature. There is a tangle and at last it is all straightened out to the satisfaction of everyone.

Remember that all pictures at The Grand are with full orchestral accompaniment and with realistic effects throughout. Every day is a big day at the Grand and you should early learn to appreciate what is being offered here to the amusement loving public of Wilmington.

LOCAL DOTS.

—Light frost occurred in the Wilmington district Sunday at Wilmington, Charlotte, Goldsboro, Newbern, and heavy frosts were reported at Cheraw, Lumberton, Raleigh, and killing at Weldon.

—Mr. C. B. Parmele was arrested at 4:30 o'clock yesterday afternoon by Patroloman H. G. Bullard on a charge of driving an automobile at a speed extending the rate allowed by law. He was recognized for appearance in the Recorder's court this morning.

—Late Saturday night John Jones, colored, was shot in the mouth by another negro at Navassa. Jones was taking to the James Walker Memorial Hospital for treatment and it was stated from the institution yesterday that he is not seriously wounded. His assailant has not yet been captured.

—At the request of the local Typographical Union several churches in the city observed Sunday as Tuberculosis day and the ministers preached special sermons bearing on the prevention and cure of the disease. At Grace Methodist church at night Drs. John C. Wessell and Ernest S. Bulluck made short addresses.

—John Bishop, colored, was arrested Sunday on a charge of assault with deadly weapon, it being alleged that he pointed a pistol at Della Cobb, some weeks ago. The woman is now pending an enforced vacation at the county farm for selling whiskey. Bishop was recognized for his appearance at trial in the Recorder's court.

—The U. S. Civil Service Commission announces an examination for bookkeeper and typewriter for men only at Wilmington on November 20th, to fill a vacancy in the local office of the Engineer Department at Large, in this city. The secretary of the Fourth Civil district, Washington, D. C., can give particulars.

—Elmer Miller, a colored youth, and Sallie Gooden, a negress, were arrested yesterday afternoon on a charge of assault on each other. It is alleged that the former assaulted the latter with a sling shot, and that she in turn struck the boy with a bottle Neither was seriously wounded. They were locked up pending trial before the Recorder today.

—Police Officers Leon George, G. W. Bullard and T. M. Hall have returned from Fayetteville where they "took in" the Cumberland county fair. They say that the fair was a credit o Cumberland and report a most enjoyable week. The officers highly appreciate the courtesies shown them by the management and especially by Mr. D. K. Taylor.

—Mr. Milke Cronly frightened away a sneak thief from his residence on South Third street early Saturday night. On returning home he noticed a light upstairs and after ascertaining from his sisters that neither had made a light he went up to investigate. As he approached a man ran down the back stairs and made his escape. Nothing of value was missed, but the intruder had ransacked several buerau drawers.

Is it because it is difficult to keep good men down that after they are dead they place such large and heavy monuments over them.

CASE FELL FLAT.

Charge Against Kress' Manager Was Not Substantiated in Court.

The charge against Mr. O. H. Shoemaker, manager of the local store of S. H. Kress & Co., for failure to provide proper and suitable seats or stools for use of his clerks when they are not busy waiting on customers, fell flat in Justice W. A. McGowan's court yesterday afternoon and the action was dismissed. The justice took under advisement a motion of the defendant's counsel that the action be adjudged malicious and frivolous, and that the prosecution be taxed with the costs. The affidavit upon which the warrant was issued was made by Deputy Sheriff Reynolds on information and belief.

The hearing took place in the Court House and began at 2:30 o'clock. The case was removed from Justice J. C. King, who issued the warrant, to Justice McGowan. Both the State and defense had about seven or eight witnesses, most of them girls who are employed or had been employed in the store. Only the witnesses for the State were called, and the attorney for the defense felt called upon to cross-examine only one witness, and then only to ask one question. The girls testified that seats were provided one for each counter or section, and that were one girl to each counter or section.

They said that they had never been told by Mr. Shoemaker not to use the seats, but that he had told them never to sit down while there were customers in the store to be waited on.

They said they used the seats only when Mr. Shoemaker was not looking, because there was a tacit understanding upon the clerks that he did not allow the use of the seats. They testified, however, that there was no rule laid down by Mr. Shoemaker that the girls should not use the seats.

J. A. McNorton, Esq., represented the prosecution, while Rob't Ruark, Esq., appeared for the defendant.

—Mr. Jos. W. Davis, of Waynesvile, is in the city on a business visit.

Two Girls Tell How To Avoid It.

There is nothing that teaches more than experience. We therefore quote from the letters of two girls who suffered and were restored to health. The same remedy is within reach of all.

Brooklyn, N. Y.—"Prior to taking the first bottle of Lydia E. Pinkham's Vegetable Compound I suffered agony every month, but after your wonderful medicine had been taken a while I felt a little better, and after taking seven bottles of it I feel that I can truly say I have no more pain or inconvenience.

"As I am out in the business world as a stenographer, I come in contact with many girls, and when the opportune moment arrives I tell them about the Vegetable Compound and I know that quite a few are taking it."—HELEN CANET, 556 Dean St.

Another Girl's Experience.

Tishomingo, Okla.—"I am a stenographer and book-keeper, and Lydia E. Pinkham's Vegetable Compound has saved my life. I am enjoying the best of health now, but I was suffering from female troubles and painful periods, and would have backache, headache and fainting spells. If any woman would like to write to me I will gladly answer her letter and tell her what Lydia E. Pinkham's Vegetable Compound has done for me."—Mrs. MATTIE COPENHAVER, Tishomingo, Okla.

WILMINGTON HOMESTEAD AND LOAN ASSOCIATION (HEADQUARTERS AT THE J. HICKS BUNTING DRUG COMPANY.)

Only a Cyclone or an Earthquake destroying the entire city could impair the real value of

Building and Loan Stock.

There's a reason for it. Every dollar put out at interest is loaned on Real Estate and Real Estate **only,** and on a basis of from 25% to 60% of the **actual value** of the property, and every weekly payment lessens the liability of the Association and increases the value of the loan.

Another thing—Every stockholder, whether a borrower or investor, **participates** in the profits of the Association. As a consequence, the **Borrower** pays about 3½% for his loan, and the Investor realizes about 8% on his investment.

WILMINGTON HOMESTEAD AND LOAN ASSOCIATION (HEADQUARTERS AT THE J. HICKS BUNTING DRUG COMPANY.)

ADVANCE FOLLOWS A DECLINE

Trade Buying and Covering in Cotton Market Results in Net Gain of 8 to 12 Points—Close Off From Best.

New York, October 28.—An early decline was followed by quite a sharp advance in the cotton market today on trade buying and covering with the close very steady at a net gain of from 8 to 12 points. The market opened barely steady at a decline of 2 to 7 points and active months sold 9 to 10 points net lower right after the call, under scattering liquidation and local bear pressure inspired by easier cables than looked for and reports of good weather in the South over Sunday. There was also some selling here by houses with Memphis connections, but the offerings were readily absorbed by spot house brokers, and the market son turned steadier. The daily weather predictions for unsettled conditions, followed by lower temperatures in the Western belt, tended to confirm the weekly official forecast indicating frost for the belt during the middle of the week and this undoubtedly added to the confidence of early buyers. Reports of a more favorable turn in the Balkan situation were also a factor and the market soon became firmer, with prices working up from the lowest on covering by early sellers and a continued demand from trade sources. Realizing was heavy enough to check the upward movement from time to time, but reactions were comparatively limited and the market reached the best point in last trading when January contracts sold at 10.79, or about 23 points above the low level of the morning. Closing prices were 2 or 3 points off from the best under realizing. Southern spot advices continue to indicate a good demand and steady interior markets, and it was reported here that spinners had been calling coton freely, both in Liverpool and in the local markets.

Spot closed quiet; middling uplands, 11.25; do. gulf, 11.50; sales, 29,000 bales.

Cotton futures closed steady.

STOCK MARKET QUITE STRONG

Early Period of Hesitation Due to Bank Statement and Foreign Situation Was Followed by An Upward Movement

New York, Oct. 28.—Stocks were quite strong today after an early period of hesitation due to such restraining influences, as last Saturday's bank statement, the foreign situation and fears of some unfavorable decisions by the Supreme Court. In the afternoon when it became definitely known that the court would take no action on the several cases now befoe it, the market moved upward from its initial heaviness, but trading remained light and professional to the end. Reading was again the most active issue, with some inquiry for Hill and Harriman shares, the Grangers and a few less important stocks. The tobacco group was conspicuous for its wide fluctuations, and oil shares mainfested strength. United States Steel and Copper were little more than steady. In fact, the metal stocks were under moderate pressure, being held back by trade advices which suggested price concessions. Earnings of the Steel Corporation for the third quarter of the year are to be published after the close of tomorrow's market. Estimates range from 27 million to 30 million, but this flattering prospect seems to have been discounted.

Call money rose to 6 per cent here, an outcome of the depleted bank reserves, but most loans were made under that rate.

The bond market fluctuated narrowly on very light operations. Total sales, par value aggregated $1,690,000. United States registered 3s advanced 1-4 cents on call. Total sales today 324,100 shares.

STRIKE IN JACKSONVILLE

Street Railway System Completely Tied-Up—Demands

Jacksonville, Fla., Oct. 28.—The local street railway system was effectually tied-up tonight as a result of a strike declared early in the day by the motormen and conductors. Only six cars were operated during the day and tonight those were taken off, hundreds of incandescent lights were strung about the power plant and police guarded the car barns. Despite these precautions, leaders of both sides stated tonight that no violence was anticipated. More than 150 men are affected by the strike. Reinstatement of 25 men discharged for alleged participation in the organization of the union and the recognition of their union are among the principal demands of the strikers.

ACKNOWLEDGE IT

Wilmington Has to Bow to the Inevitable—Scores of Citizens Prove It.

After reading the public statement of this representative citizen of Wilmington given below, you must come to this conclusion: A remedy which cured years ago, which has kept the kidneys in good health since, can be relied upon to perform the same work in other cases. Read this:

R. A. Biddle, 606 Castle St., Wilmington, N. C., says: "I suffered from my kidneys and back for a long time and another member of my family also complained of backache. Finally we got Doan's Kidney Pills at Bellamy's Drug Store and the results of their use were astonishing. The secretions from my kidneys were cleared and the pain and backache disappeared. We consider Doan's Kidney Pills a most effective kidney medicine and will always be pleased to endorse them." (Statement given in April, 1903.)

Time is the Test.

Mr. Biddle was interviewed on December 27, 1910, and he said: "I have no reason whatever to alter my high opinion of Doan's Kidney Pills. They made a permanent cure in my case and for that reason I am always glad to say a good word for them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

GOV. WILSON GETS BACK IN THE FRAY

(Continued from Page One).

threats, ancient shibolleths and worn-out cries about panics are not being seriously regarded by the thinking people of the country.

He added that "in the face of a certain Democratic victory the prosperity of the country is going on uninterruptedly."

In a second speech Governor Wilson made here today, he added: "Did you see that remarkable letter issued by the Vice President of the United States the other day in which he said men who did not have bank accounts were not interested in banks; that men who did not conduct great enterprises were not interested in the commerce of the country?"

"Can you conceive of a point of view like that—if I have not money enough to deposit in bank; if I have to scrape along by the skin of my teeth to pay my way and my daily wages, then, if you please, I am not interested, according to that view, in what is done with the money of the country, and what the banks do is then none of my business.

"The long and short of that doctrine is that we who are servants have no right to look into the affairs of our masters. I am very much interested in who is my master. I am very much interested in the way that the business of the country is conducted. I have never had a bank account that did not have to be examined with a microscope, but I know that I am profoundly interested in the way large bank accounts are handled.

"I know that the investments of this country and the great enterprises of this country touch the prosperity and the life of every man in it. Therefore, I, for one, believe that the mass of the people are more interested in banks than in the bankers and that the great majority of working people in this country are more interested in its industrial enterprises than those who control them."

VALLON THE MURDERER

Shot Rosenthal, According to Appeal Of Becker's Counsel

New York, Oct. 28.—It was learned tonight from sources close to the defense that the appeal which counsel for Charles Becker will make for a new trial for the former police lieutenant will set forth, under what will be described as "new evidence," that Harry Vallon, the informer, fired the shots that ended Herman Rosenthal's life; that "Bald" Jack Rose's story was a "frame up," against Becker; that Sam Schepps, State's witness who corroborated Rose's tale, perjured himself when he swore he knew nothing of the murder plot and that Harry Vallon also committed perjury when he said he did not ride from the Hotel Metropole in the "murder car" after the slaying of Rosenthal.

A gambler, whose name John F. McIntyre, Becker's chief counsel is not ready to reveal, will swear, according to the appeal the lawyer is preparing, that it was Vallon who killed Rosenthal, while another unknown witness is ready to testify that he heard Rose and Vallon plan the murder while at the home of Dora Gilbert, who was Rosenthal's first wife.

Another prospective witness, described as "a man of unimpeachable integrity, is also ready to swear, according to Mr. McIntyre, that Rose told him three days before his confession to District Attorney Whitman that Vallon was Rosenthal's murderer.

While the defense is preparing its appeal the State is getting ready to place on trial the other principals in the Rosenthal case. "Red Phil" Davidson, slayer of "Big Jack" Zelig, will be called to the bar Wednesday morning. This trial, District Attorney Whitman expects will take up the rest of this week, and on Monday the prosecutor plans to bring "Whitey" Lewis to trial. His case is expected to take up four days.

"Lefty Louie," "Gyp, The Blood" and "Dago Frank" will then be tried in turn.

Official word was given out at the district attorney's office that William Shapiro, driver of the "murder car," will be given immunity under an agreement by which he has promised to turn State's evidence and testify against the four gangsters. Mrs. Lillian Rosenberg, wife of "Lefty Louie," was released today from the house of detention on $2,500 bail. She has been held as a material witness in the Shapiro case.

MARSHALL IN MONTANA

Quarrel Not With Business Man, He Says—Ends Campaign

Round Up, Mont., Oct. 28.—Governor Thomas R. Marshall, Democratic candidate for Vice President, wound up his campaign in Montana with speeches late today at Harlowtown and Round Up. He condemned the man who lives for business only.

"My quarrel in this campaign," said Governor Marshall, "is not with the business man, big or little, simply because he happens to be a business man. But there is no menace to the country's welfare so disastrous as the business man who will sacrifice every interest in the Republic in order to advance his personal business affairs.

"I know of no character, commercial or otherwise, as that of such a man. For a few thousands or hundreds of thousands of dollars he will sacrifice deliberately the best interests of his fellow countrymen and the interest of his own offspring in the unreasonable and ultimately useless pursuit of dollars.

"This is the type of man whose pernicious activity in governmental affairs is speeding the Republic to a crisis that means revolution. Whether the revolution will be peaceable or otherwise, I am not prepared to say. But the business man who lives for business and nothing else must go. This nation does not want him."

A heavy snow throughout Montana delayed Governor Marshall at several points.

Calgary, Alberta, Can., October 28.—Joe Bayley, lightweight champion of Canada, and Dick Hyland, of San Francisco, fought a 15-round draw tdoay. Referee Tommy Burns' decision was popular. Bayley had a decided advantage in the open fighting, but was puzzled by Hyland's in-fighting.

WIRELESS STATION OPENED

(Continued from Page One.)

rines who will guard the towers. Within a year the towers are expected to be talking with the Philippines by relays through Guam and Hawaii. Within the next few days the station will attempt communication with the powerful station at Clifden, Ireland, the nearest working plant on the other side of the Atlantic. Officers are hopeful of the outcome.

Constant communication is now being maintained by a commercial company with Clifden and Cape Race, N. F., and other stations are being constructed for the purpose of bridging the Atlantic with aerial intelligence.

A commercial company virtually has been completed the erection of a powerful plant at Sayville, Long Island, which will have as its European terminus a station of similar design in the vicinity of Berlin. Still another near New York is projected with its sister plant in Norway.

The Arlington station, however, marks the most advanced step thus far taken in the establishment of regular and steady communication by wireless over long distances, although the records of the army and navy departments disclose many "freak" messages sent and received over great spaces. These, however, were exchanged under the most favorable conditions and for the most part are regarded as "accidents."

ANSWERS CHARGES

Gov. Johnson Speaks In 10 Maine Cities—To Connecticut

Bangor, Maine, Oct. 28.—Governor Johnson today spoke in 10 cities and towns of Maine to the largest outdoor crowds he has met during the campaign. Governor Johnson today answered two arguments used against the new party in Maine; that the charges of fraud in connection with the Chicago Republican convention were unfounded and that the Governor himself had deprived California Republicans of their votes. He replied to both accusations.

Regarding the Chicago convention he went into detail along the same lines of his previous arguments, and of the direct charge against him, he said: "The Taft men in California had an opportunity to place electors on the ballot if they desired. They purposely refrained from doing so. They probably did not pursue the course open to them because the leaders of the Taft people in California already had determined to support the Democratic candidate."

The Governor left tonight for Meriden, Conn., where he will open his Connecticut campaign tomorrow.

FOGEL DENIES CHARGE

Declares He Never Said National League Race Was Fixed

New York, Oct. 28.—A general denial of charges brought by the National League against Horace Fogel, president of the league's Philadelphia club, in this city on October 17th, are contained in a letter received from Mr. Fogel today by President Thomas J. Lynch.

Mr. Fogel's letter expressed defiance of the right of the National League to try his case for alleged statements reflecting upon National League baseball, according to Mr. Lynch, who said the text of Mr. Fogel's reply would not be made public until November 26th, when the league will meet here to give the Philadelphia official a hearing. One of the charges brought against Fogel is that in an article published under his signature he stated that the National League race for 1912 was "crooked" and that President Lynch and certain umpires were working in the interest of the New York club and that further it was "fixed for the New York club to win the pennant. In his letter of reply today, Mr. Fogel denies that he ever made such statements.

ROB PRUDENTIAL CO.

Burglars Gag Cashier and Get $500—Block of Station House.

New York, October 28.—Burglars entered a branch office of the Prudential Life Insurance Company in Brooklyn this afternoon, gagged the cashier, Alice Brenneis with a handkerchief saturated with choloform, left her lying bound upon the floor and after looting a safe, escaped with $500 in money, which collectors of the company had brought in during the day.

The robbery took place about a block from a station house in the most heavily policed precict in Brooklyn and within a few blocks of the home of Mayor Gaynor. Miss Brenneis recovered from the effects of the chloroform.

Hartford City, Ind., October 28.—The price of Indiana crude oil went above the dollar mark today for the first time in years. The price of North Lima was advanced five cents a barrel and South Lima and Indiana three cents a barrel, the former grade going to $1.07, and the latter to $1.02 a barrel.

Toronto, Oct. 28.—The Carlisle Indian football team today defeated an eleven of Toronto 'Varsity "Old Boys" by a score of 49 to 1. In the first period, played under American rules, the Americans scored 44 points and in the second, under Canadian rules, five. The "Old Boys" got their single point in the second period.

VICTORIOUS ARMY STILL ADVANCING

(Continued from Page One.)

according to advices received tonight, have captured the towns of Lulehurgas and Demotica. It is reported, also, that the Turks are constructing earth works along the river Erkene, west of Eski-Baba.

It is said that Bulagarian cavaly has cut communications between Adrianople and Constantinople, and between Adrianople and Macedonia. The bridge of the Tchoria river at Cherkeskoi has been blown up. It is understood that civilians leaving Adrianople are permitted to pass through the lines to the south.

The Turkish commander at Adrianople has been formally summoned to surrender the town. A second military train from Constantinople loaded with flour has fallen into the hands of the Bulgarians at Eski-Baba.

Cabinet Crisis Averted.

Constantinople, October 28.—The cabinent crisis has been averted and the Grand Vizier has decided to retain his office.

Ex-Sultan Abdul Hamid arrived heer late tonight, and was lodged in the palace on the Bosphorus.

Montenegrins Take Pievlie.

Reika, Montenegro, October 28.—Montenegrins captured the town of Pievlie, in the San Jak of Novipazar, near the Bosnian border, at noon today.

Belgrade, October 28.—Semi-official advices report that the Turkish army, which retired from Uskup towards Veles, surrendered today to the Servian cavalry and delivered up their arms. The Servians later seized 123 guns.

That section of the Turkish army which was defeated at Kumanova appears to have been entirely broken up. The Turks from Istip are making Veles the objective point of their retreat. Prior to their occupation of Istip by the Servians, the inhabitants arose against the Turks and seized their arms.

Turkish Minister Satisfied.

Constantinople, October 28.—The Minister of War, Nazim Pasha, who has received the score of operations in the East, telegraphs today that he is well satisfied with the position of the Turkish forces and expects a decisive battle soon. The minister says the Bulgarian army sustained such severe losses in the battle of October 23rd that it was unable to re-form and resume the offensive. On the other hand, he adds, the Turkish forces, since that date, have gained in strength and numbers, and await confidently the Bulgarian attack.

It is announced that Hilmi Bey, who commanded a division at Kirk Kilisseh, and is credited with inflicting heavy losses on the Bulgarians, has been promoted to brigadier general.

The Ex-Sultan, Abdul Hamid, arrived in Constantinople late tonight. His son, Prince Abduh Sahim, who was serving on the staff of Prince Aziz, re ched here today. He was wounded in the arm and leg at Kirk Kilissch.

Martial law is being rigorously enforced. Nobody is allowed out after 10 o'clock at night.

The Minister of the Interior has issued a circuar censuring the administrative officials in the war zone for abandoning their posts, thus increasing the panic of the populace, instead of striving to tranquillize them.

Bulgars Approach Kuleiburgas.

Sofia, October 28.—The Bulgarians are marching on Kuleiburgas at the junction of the Adrianople-Saloniki railway. Four thousand Macedonian volunteers have started for the front, after a short military training.

Arnaut Villages Surrender.

London, October 28.—The Servian legation announces that a hundred Arnaut villages in the vicinity of Uskuh have surrendered. Great festivities are in progress throughout the conquered section.

HOW TRUST GOT CONTROL.

Witness Tells How Sugar Trust Bough Delaware Firm.

New York, October 28.—How the Delaware Sugar Firm which was an independent company, passed into the hands of the American Sugar Refining Company, the so called "trust" after the Delaware's profit had annually dwindled until the "trust" gained control, was related by George R. Bunker, a former manager of the Delaware as a witness today in the government proceedings to dissolve the combination.

Mr. Bunker, now secretary of the National Sugar Refining Company, said the Delaware began to manufacture sugar in 1888, and in that year made a profit of $130,000. The margin of profit became smaller in succeeding years, after the formation of the Sugar Refineries Companies, the forerunner of the company, now alleged to be the "trust," testified the witness.

In 1892, he said, John F. Searles came to him with an offer to buy the Delaware for $420,000. Mr. Banker testified he believed then Mr. Searles represented himself in making this offer. Later, said Mr. Bunker, he learned that payment was to be made in stock of the "trust" and when the offer was raised to $472,500 is was accepted and the sale made.

Paris, Oct. 28.—Premier Poincare and Tomasso Tittoni, the Italian ambassador to France, today signed an agreement reciprocally recognizing France's right of entire freedom of action in Morocco and Italy's complete liberty in the government of Libya. By the agreement France and Italy grant each other the most favored nation treatment in Morocco and Libya, respectively.

SHOT BY STUDENT

Frank Powers Lies Seriously Wounded at Wake Forest College

Raleigh, N. C., Oct. 28.—Frank Powers, aged 18, lies seriously wounded in the Wake Forest College this morning as the result of two pistol wounds inflicted by Gordon H. Rhodes, a Freshman of the college. Powers is the son of a prominent physician, but not a member of the student body. Rhodes declared that the schooting occurred about midnight as he returned from a party, meeting Powers and a companion, both of whom were masked. The companion fled and his name has not been ascertained yet.

A Penny and a Five-Dollar Gold Piece

Bear a distinct family resemblance in size, if not in relation of quality. Consequently if the gold piece is kept in close association with pennies it is likely to share the fate of being taken for one, or rather GIVEN for one, as happened not long ago with a friend of ours.

The lady paid the milkman, as she thought, fifteen cents, but in reality handed him fourteen pennies and the little gold piece, not discovering her error until the following day.
